COUNCIL MEMBERS	Will Hall Jesse Salomon Shari Winstead Doris McConnell Chris Roberts
CITY MANAGER	Julie Underwood
CHIEF OF POLICE	Daniel M. Pingrey

## From Your Police Chief

Dear Residents of Shoreline,

I am pleased to present the 12<sup>th</sup> annual Police Service Report. This report continues to serve as our “report card” and highlights crime trends, crime prevention efforts, and our overall performance for 2011.

The City of Shoreline experienced a slight increase in serious crimes. The increase is largely due to spikes in residential burglaries, auto theft, vehicle prowls and larcenies, over \$250. We will continue to increase our public education and crime prevention to help reduce these trends. The good news is that Part I “violent crimes” all took a significant drop, including rape, aggravated assault and robbery.

The Criminal Intelligence Unit along with patrol closed 1,673 cases by arrest, an 8% increase over last year. On the other side of the coin, we saw a fewer number of individuals arrested for crimes in the City of Shoreline. This reinforces the fact that a small number of individuals are committing a majority of the crime, a trend consistent throughout the region. We will continue to work with the Prosecutors Office and other Law Enforcement agencies to look for crime trends and to target high profile criminals.

We saw a significant increase in traffic accidents this year even though we remained consistent in our enforcement actions throughout the City. Traffic safety continues to be one of our top priorities, and making our streets safe for drivers and pedestrians is something we take very seriously. We will continue to work with City planners and engineers, using new technology to reduce the number of accidents in 2012.

Shoreline Police officers responded to 11,343 dispatched calls for service, a 3.2% increase over 2010. This is the highest number of “calls for service” we have seen in four years. Our average response time to life threatening calls was a very good 4.48 minutes, which is below the national standard of five minutes but slightly higher than our 2010 response times. This continues to be an important measurement for the Police Department and our citizens. Our ultimate goal is to reduce our response time to below 4 minutes for these calls. We did manage to significantly reduce our response times to Priority 1 & 2 calls.

Our Police storefronts continue to provide many different programs to the community and are staffed by a cadre of volunteers who donated almost 4000 hours of service in 2011. We are doing our best to improve our communications with the community and now have Facebook and Twitter accounts to help keep our citizens informed. Block Watch and Business Watch continue to provide opportunities for our citizens to work with the Police to keep our neighborhoods safe.

Shoreline is a safe community to live, work and play. We ask each citizen to consider joining us in our efforts to reduce crime by starting or joining a neighborhood watch program, becoming a volunteer or attending the Citizen’s Police Academy. The Police Department takes great pride in serving the residents of Shoreline. We do our very best job when the community is involved with us. We are excited to continue to build upon the success of the past 17 years!

Respectfully Submitted,  
Daniel M. Pingrey, City of Shoreline Chief of Police

## About the Annual Police Service Report

The Annual Police Service Report contains information on the service efforts and accomplishments of the Shoreline Police Department to support its mission, goals, and objectives.

The goal of the report is to keep the City of Shoreline residents, staff, administrators and elected officials informed of police service and crime activity in the city. The report is produced by the City of Shoreline Police Department in partnership with the King County Sheriff's Office (KCSO) Research, Planning and Informational Services and Contracts Units. Questions about the report can be directed to the Shoreline Chief of Police.

The Police Service Highlights section gives a narrative of police efforts and year-to-year comparisons of selected crime and police service data.

The Police Service Data section provides further detailed crime and police service data. Please note that numbers in this section may differ slightly from numbers in the Police Services Highlights due to collection from several sources and in some cases rounding up.

## Shoreline Police Department Mission, Goals, & Core Values

### *Mission*

The mission of the Shoreline Police Department is to prevent crime and create an environment where people feel safe, while providing quality, professional law enforcement services designed to improve public safety.

### *Core Values*

The Shoreline Police are committed to the core values of Leadership, Integrity, Service and Teamwork. We firmly believe in our core values and let these values guide all work that we do in the community.

### *Goals & Objectives*

In order to realize this mission, the City of Shoreline Police Department has adopted the following goals and objectives:

#### Goal # 1: Reduce crime and the fear of crime

Objective: Use information for crime analysis

Objective: Apprehend offenders

Objective: Prevent crime

Objective: Improve residents' feeling of security

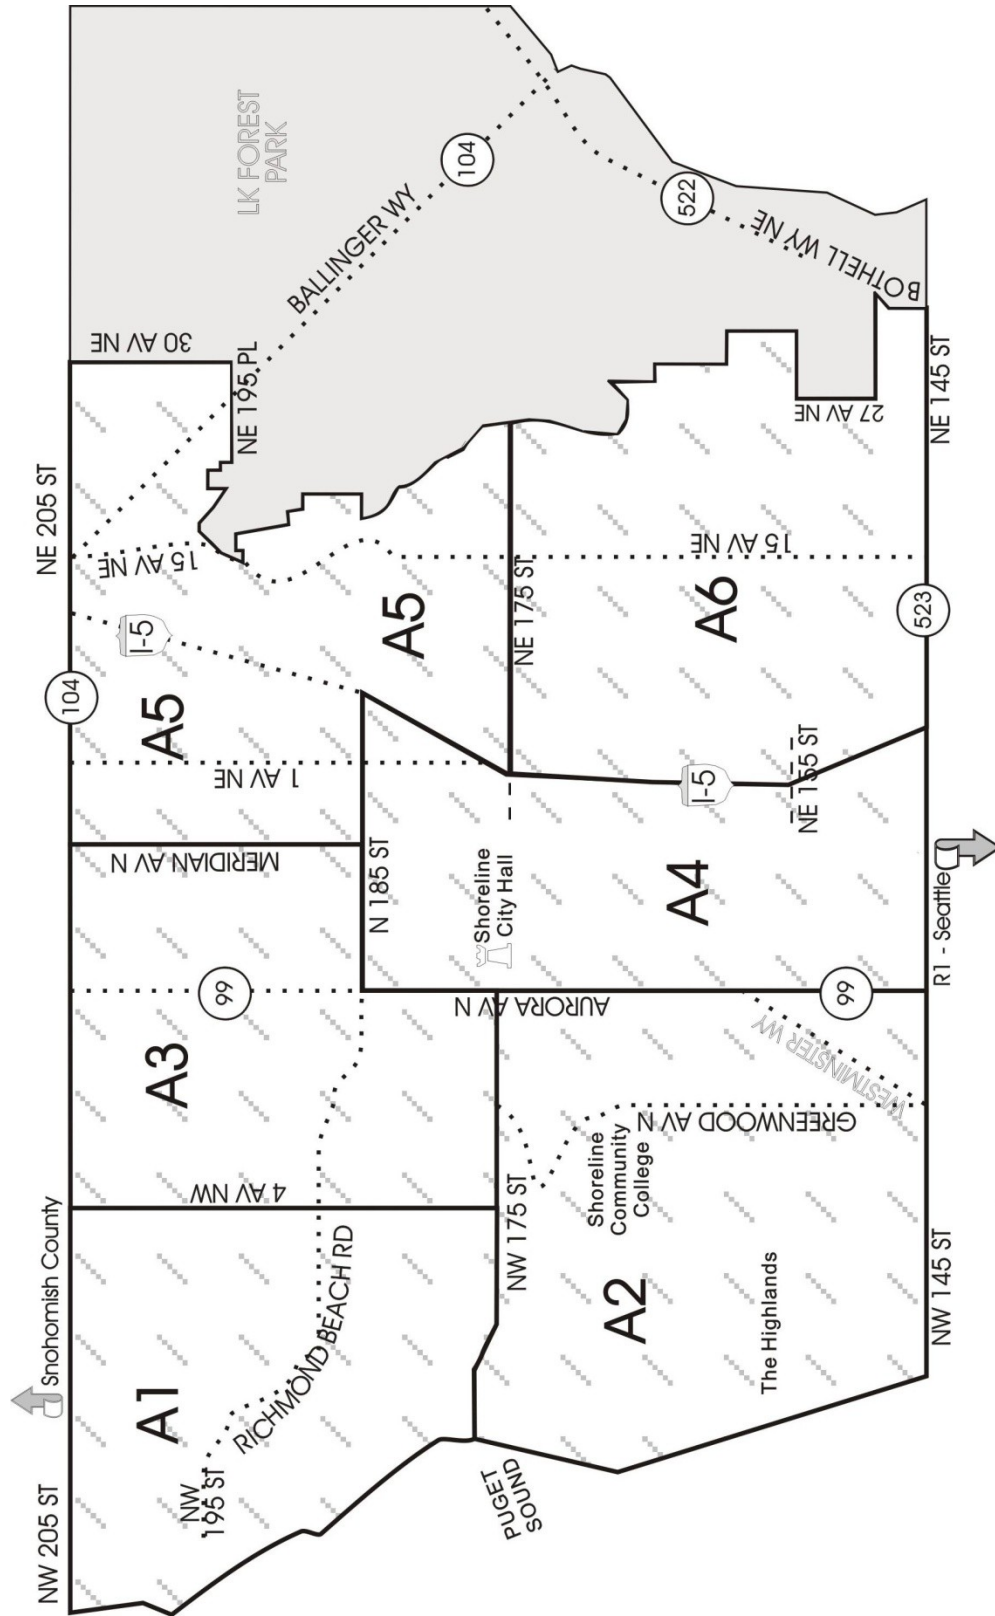

#### Goal # 2: Provide high-quality, cost-effective, and accountable services to the City of Shoreline

Objective: Provide responsive services to residents.

Objective: Provide cost-effective services to residents.

# City of Shoreline Patrol Districts

# City of Shoreline **Police Service Highlights** 2011

## City Cost Comparison

The city cost comparison study is conducted annually by the King County Sheriff's Office Contracts Unit. The study accounts for city budget differences and may factor in (or factor out) certain line items in an effort to allow for "apples-to-apples" comparison between cities. Shoreline's cost per capita shown here is different than the contract cost per capita, which only includes Shoreline's law enforcement contract paid to the county. The following budget information is obtained directly from the city's budget, which may include funding for extra police services.

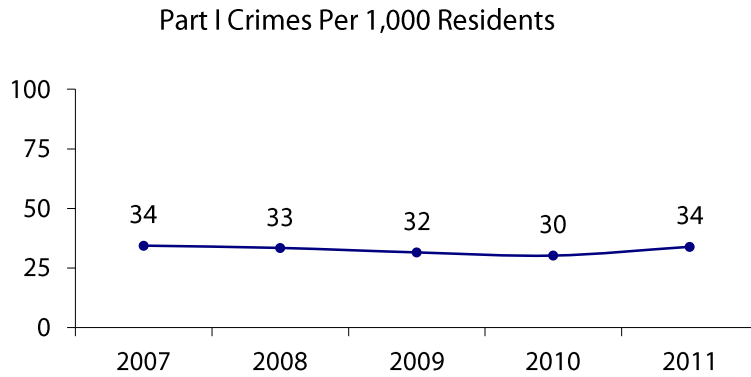

City	2010 Crime Rate	2011 Police Budget	2011 Population	2011 Budgeted Sworn	Cost/ Capita	Cost/ Sworn	Sworn/ 1000
Auburn	59.90	\$19,668,600	70,705	100.00	\$278	\$196,686	1.41
Bellevue	32.00	\$34,957,859	123,400	177.00	\$283	\$197,502	1.43
Black Diamond	12.60	\$1,817,567	4,160	10.00	\$437	\$181,757	2.40

<b>Non-Contract City Averages (weighted)</b>					<b>\$334</b>	<b>\$188,192</b>	<b>1.77</b>

### Data sources:

1. City budgets are found on city websites or via city finance personnel.
2. Population is from the Office of Financial Management.
3. Crime rates are from the Washington Association of Sheriffs and Police Chiefs (WASPC). Crime rates for 2011 were not yet released at this report's publish date.

### Shoreline's Crime Rate

The Crime Rate is a calculation of the number of Part I Crimes divided by population in thousands. Part I Crimes is a category of crimes established by the Federal Bureau of Investigation (FBI). It includes criminal homicide, forcible rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson.

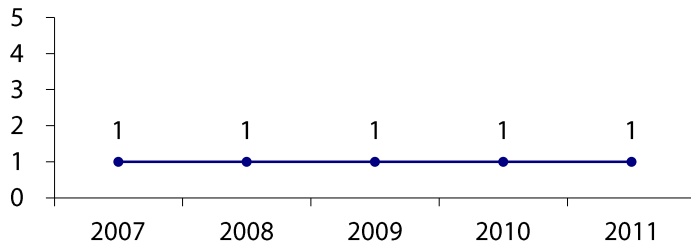

Source: Police Services Data

## Part I Violent Crimes against People

Part I Crimes include crimes categorized as “violent crimes” or “crimes against people.” The following are Shoreline’s Part I Violent Crimes.

### Murder

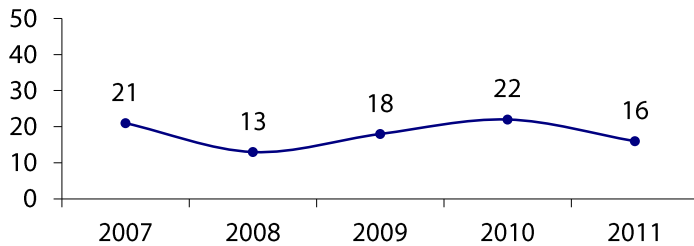

Source for all below: Police Services Data

### Murder

The following situations are not included in this crime classification: deaths caused by negligence, suicide, or accident; justifiable homicides; and attempts to murder or assaults to murder, which are counted as aggravated assaults.

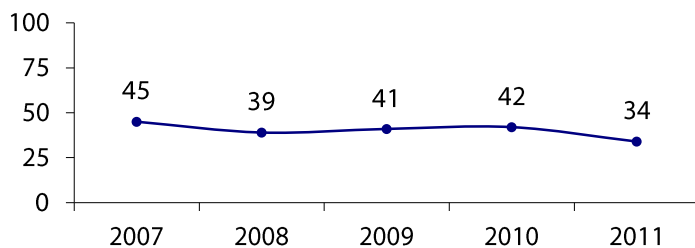

### Rape

### Rape

Rapes by force and attempts or assaults to rape, regardless of the age of the victim, are included in this count. Statutory offenses (no force used—victim under age of consent) are excluded.

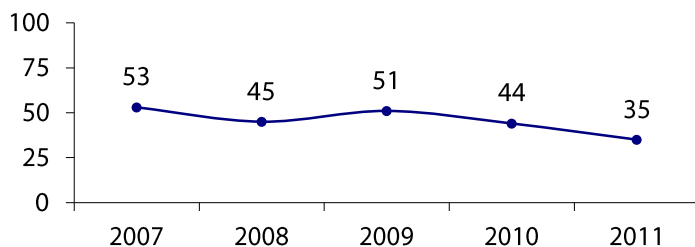

### Aggravated Assault

### Aggravated Assault

Aggravated assault is an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

### Robbery

### Robbery

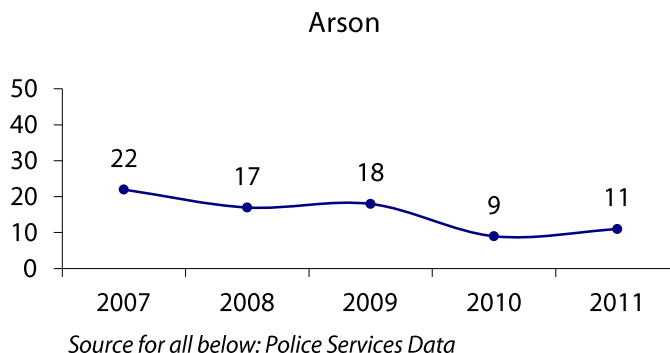

Robbery is the taking or attempting to take anything of value from the care, custody, or control of a person by force, threat of force, violence, or by putting the victim in fear.

## Part I Non-Violent Crimes against Property

The second group of Part I Crimes is known as “non-violent crimes,” “crimes against property,” or “property crimes.” The following are Shoreline’s Part I Crimes against Property. Information about vehicle theft, also included in this category, can be found with traffic and automobile incident information.

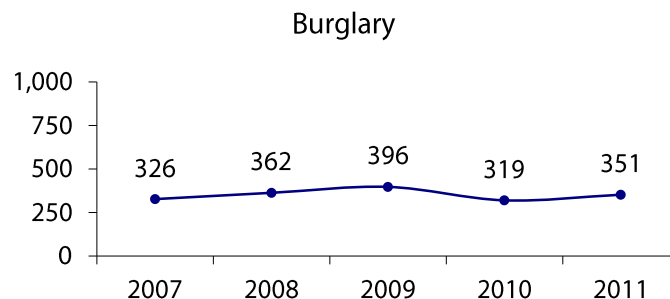

### **Arson**

Arson is any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another.

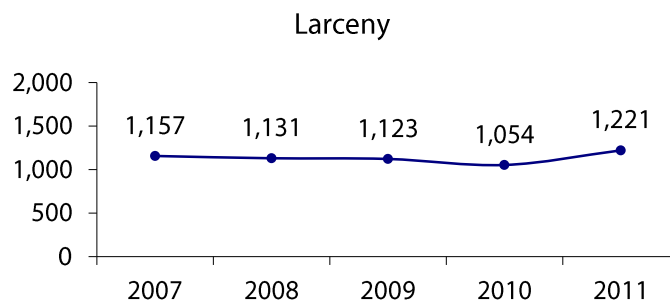

### **Burglary (breaking or entering)**

Burglary is the unlawful entry of a commercial or residential structure with the intent to commit a crime. Attempted forcible entry is included.

### **Larceny (except vehicles)**

Larceny is the unlawful taking, carrying, leading, or riding away of property of any value amount from the possession or constructive possession of another. Examples are thefts of bicycles, motor vehicle parts and accessories, shoplifting, pocket-picking, or the stealing of any property or article that is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, forgery, check fraud, and like crimes are excluded.

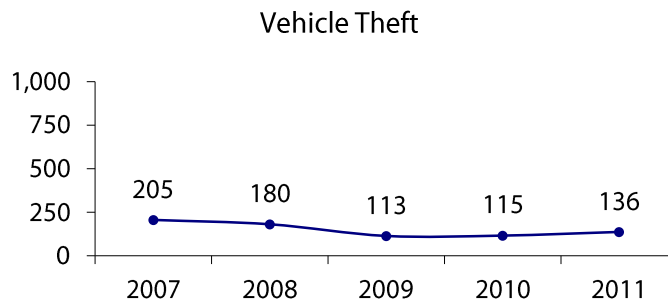

## Traffic and Automobile Incident Information

### Vehicle Theft

Vehicle theft is included in Part I Crimes against Property. It is the theft or attempted theft of a motor vehicle, which is defined as being self-propelled and running on a land surface and not on rails.

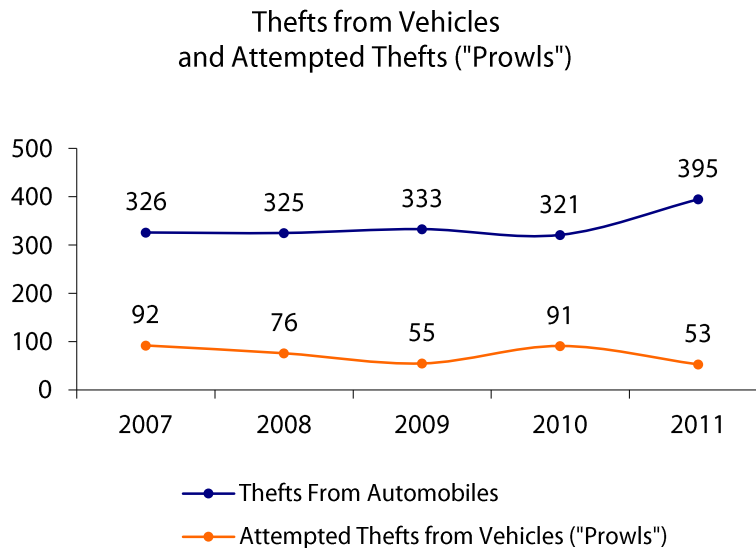

Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

Source: Police Services Data

### Thefts and Attempted Thefts ("Prowls") from Automobiles

A theft or attempted theft ("prowl") from an automobile is the act or attempted act of taking something from the inside of an automobile.

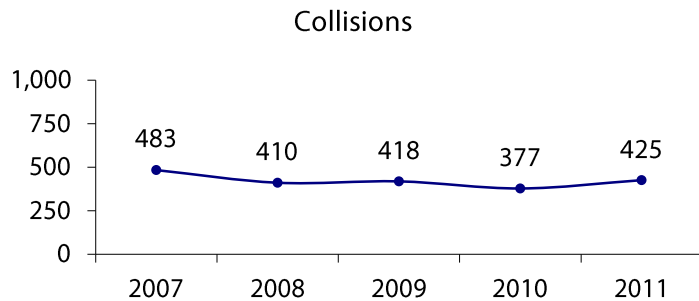

Source: Police Services Data and CAD System

## Shoreline Police Department Traffic Programs

### Traffic Collisions

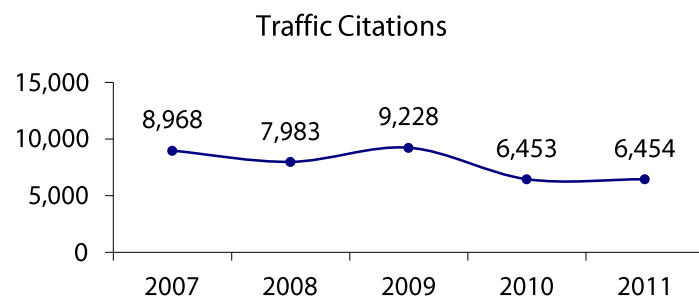

Collision information includes reports for injury, non-injury, and fatality vehicle collisions. Driving under the influence (DUI) collisions are excluded from this category.

Source: Police Services Data

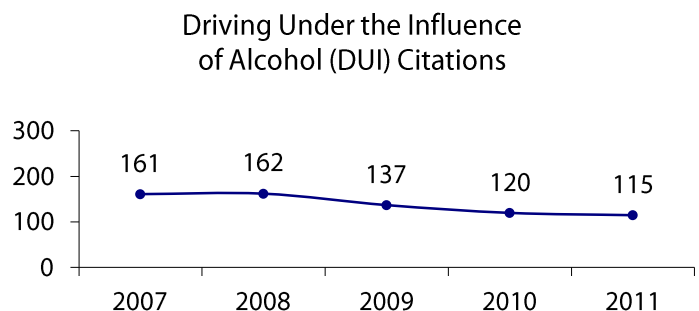

### Traffic Citations

Traffic citations include reports of all moving/hazardous violations (such as all accidents, driving under the influence, speeding, and reckless driving), and non-moving compliance violations (such as defective equipment and parking violations).

### DUI Citations

Driving under the influence of alcohol citations are included in the above count for traffic citations, but are broken out here to show trends.

Source: City of Shoreline. Note that the city began collecting this information in 2006. Therefore, only three years of data are available.

## Criminal Investigations Unit Highlights

The Criminal Investigations Unit is comprised of one sergeant and four detectives. Three of the detectives are responsible for investigation and follow-up on most felony crimes committed in the City, with the exception of homicide/special assault and major accident investigations which are handled by the King County Sheriff's Office Major Crimes Unit.

The fourth detective works exclusively on fraud and forgery investigations originating in Shoreline. This detective is also assigned on a part-time basis to a Secret Service Task Force. His participation in this task force brings extra support to the City of Shoreline for any complicated investigations that include counterfeiting of US currency, internet and computer investigations and money laundering cases.

### Highlight #1: Suspects attempt to defraud vulnerable adult

On May 19, 2011, the reporting party advised the unauthorized use of his mother's credit cards over an extended period of time. The victim is a 79 year old woman suffering from early on-set Alzheimer's and her son has power of attorney for his mother.

In late 2010, the victim allowed the suspects, a male and female, to move into her home after they had been evicted from their rental home just down the street. Neither the victim nor her son had any idea that the suspects had criminal histories.

The son discovered the fraudulent credit card charges when his mother gave him her bank statements.

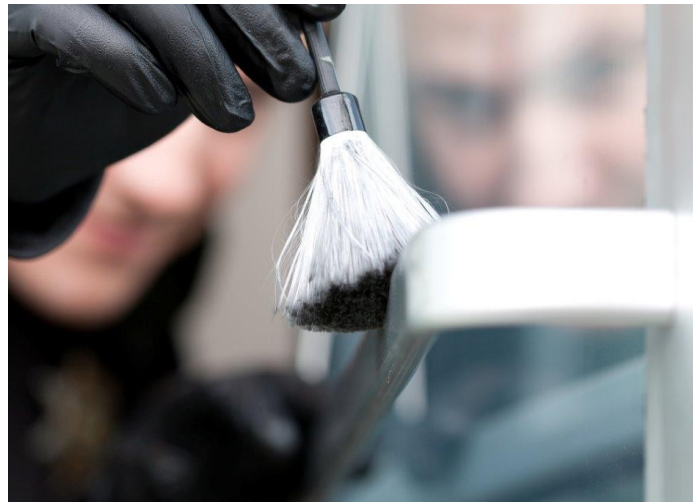

Detective Inn was assigned this case for follow-up. He contacted the locations where the cards had been used and obtained video of the male suspect using the cards.

Unfortunately as is sometimes the case with our vulnerable population the victim in this case became increasingly confused about the facts and at one point became convinced that her son was the villain in this piece. The suspect's successfully managed to work their way into the victim's good graces in many ways.

After compiling the evidence necessary to charge the suspect's Detective Inn met with the victim. Knowing that the victim was suffering from some mental health issues he asked Community Service Office Corona to accompany him to the victim's residence to interview her.

The suspect's were both at the residence when Detective Inn and CSO Corona arrived. The victim had fallen prey to the suspect's influence and believed her son's primary interest was to "take her money". At this point the victim no longer wanted contact with her son and refused to assist in prosecution.

Due to numerous factors Detective Inn was no longer in a position to file criminal charges but continued to pursue ways to help the victim. In part due to Detective Inn's work the state held a

hearing and banned the suspect's from living with the victim. The court also appointed a guardian for the victim and has since reconciled with her son.

Assistant Attorney General for the State of Washington sent an e-mail thanking Detective Inn and numerous others for their work on this case.

#### Highlight #2 Domestic Violence Investigation

In December of 2009 Detective Magan began investigating a series of No Contact Order violations. The victim reported to Detective Magan that she had been raped by the suspect in the order violations. Detective Magan contacted the King County Sheriff's Office Special Assault Unit and Detective Sampson was assigned the rape allegation part of the case.

Domestic Violence cases can often be very difficult to investigate as frankly there are so many complex issues to contend with. Detectives Magan and Sampson worked with the victim and her family over an extended period of time.

Community Service Officer Corona provided the victim with one of our cell phones designated for victims of domestic violence so that we could stay in contact with her.

In May of 2011 the case went to trial and the suspect was found guilty. Senior King County Prosecutors Office District Prosecuting Attorney sent an e-mail thanking everyone for their hard week. The suspect was found guilty of violating a No Contact Order, Assault 3rd and 4th as well as Burglary in the First Degree, Rape in the Second Degree, and three additional misdemeanors.

The jury also found aggravating factors in history of domestic violence in the presence of a minor child.

#### Highlight #3 Alert neighbors call 911 to report burglary in progress

On November 11, 2011 at 10:30 a.m. officers were dispatched to a burglary in progress. Neighbors in the 17800 block of Ashworth Avenue North observed an unknown car pull into their neighbor's driveway. They didn't recognize the car of the two males who got out. The neighbors continued to watch as the males kicked in their neighbor's front door and enter the residence. They called 911 to report what they were watching and stayed on the phone with the call receiver as police were dispatched. They watched the males carry out multiple items to include a large flat screen TV which they put into their car and then drove away. The alert neighbors wrote down the license plate as the car sped away.

Officers arrived and confirmed the burglary they ran the license plate and the registration came back to the parent of a prolific Shoreline criminal.

The car was registered to an address in Shoreline. Detective Coblantz recognized the name of the registered owner. He had dealt with her son who has been involved in burglaries and theft. Officers quickly discovered that the family had moved to Mill Creek and asked police officers from that city to check for the suspect car.

Officers from Mill Creek checked the address, found the car and detained the occupants.

Detective Coblantz arrived on the scene in Mill Creek. He could see the victim's property in plain view inside the car. He secured and impounded the car for a search warrant. The witnesses were transported to the arrest scene and positively identified the suspects.

Detective Coblantz served a search warrant on the suspect car and recovered the victims flat screen TV, Dell computer, digital camera, video camera, DVD/games, controllers.

The two suspects formerly, from Shoreline, were ultimately charges with numerous felony crimes. \*The suspect's were inside the victim's home for just minutes. Thanks to the alert neighbors for paying attention and quickly calling 911 to report.

#### Highlight #4 Bank Fraud and identity theft ring exposed

Several years ago Detective Marik (Shoreline Police Fraud detective) began working a case concerning bank fraud and identity theft. The main target in this case was suspected of corrupting a Seattle Municipal Court employee and convincing her to supply credit card numbers and other personally identifying information for people who had used a credit card to pay parking and traffic fines. The target group also used information stolen from a fast food restaurant. The suspect and his cohorts used this information to run up charges on the victim's accounts, committing identity theft and bank fraud.

One of the many victims in this case was a Shoreline resident. Detective Marik initially met with our victim and explained that due to the seriousness and complexity of the investigation it would be handled at the Federal level.

Cases such as this can take years to complete up to and including sentencing. While our victim may have felt frustration at the length of time to conclude this case ultimately we identified 4 additional Shoreline victims and justice was served.

On June 17, 2011, the suspect, a 30 year old male from Seattle, was sentenced to five years in Federal prison, five years of supervised release and more than \$220,000 in restitution for bank fraud and aggravated identity theft. Three co-defendants were also charged and the former employee of Seattle Municipal Court was sentenced later in the year.

Because of this fraud and subsequent investigation, the Seattle Municipal Court has made changes to protect customer information.

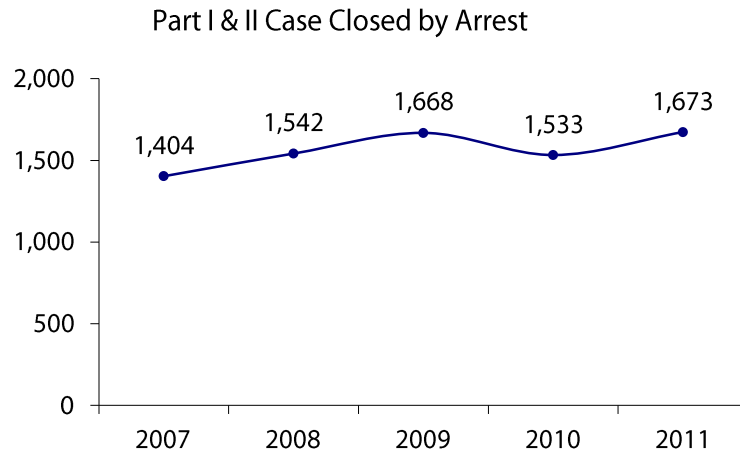

The case was investigated by the FBI, the Secret Service, the King County Sheriff's Office/Shoreline Police, the Bonney Lake Police Department, and the Social Security Administration Office of the Inspector General.

The case was prosecuted by Assistant United States Attorney Vince Lombardi.

### Part I & II Cases Closed by Arrest

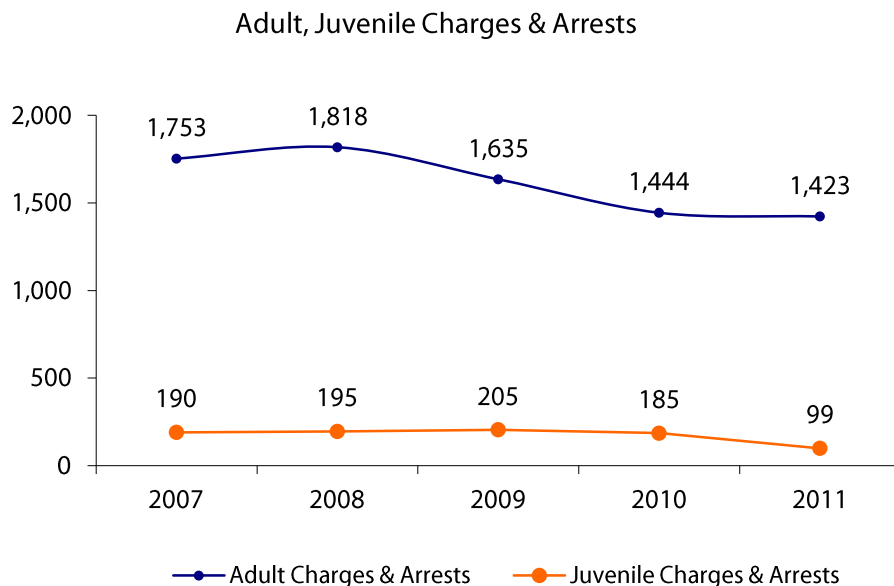

The cases below represent incidents where an officer or detective has recommended that the King County Prosecutor’s Office file criminal charges against the case suspect. These criminal charges may result in an arrest or another form of punitive action, such as a citation. A prosecuting attorney is solely responsible for the decision to formally file charges and prosecute defendants.

Source: KCSO RPIS Unit

### Adult and Juvenile Charges and Arrests

One or more charges can result from a single arrest. Charges also can be filed when probable cause exists against a person who may not have been arrested. The following are the total number of felony and misdemeanor charges and arrests by adult and juvenile status.

Source: Police Services Data

The street value of the narcotics seized was \$1,407,100. Four suspects were charged with various federal drug crimes and their sentences ranged from 25 months to 60 months.

Highlight #2

In September of 2011, the Shoreline Special Emphasis Team was asked to participate in an Innocent Lost Task Force sweep at the request of the Federal Bureau of Investigations. The ILTF was conducting a three night sweep of three high prostitution areas with included the Aurora corridor in the City of Shoreline. The goal of the ILTF was to target juvenile prostitutes and their pimps. Several operations were set up in an attempt to disrupt the operations of those prostituting minors and to recover as many juvenile prostitutes as possible. Here are some of the numbers that were a direct result of our involvement with the ILTF’s operation.

- 3 juvenile prostitutes were recovered off the street and placed in safe houses.
- 2 pimps were arrested
- Over a dozen prostitutes were arrested
- Almost two dozen “johns” were arrested

2011 SET Seizure Highlights

Drug-related arrests	267		
Drugs Seized:		• Methamphetamine	143.1 grams
• Cocaine	127.2 grams	• Ecstasy (Tablets)	77,340
• Heroin	152.2 grams	• Oxycodone(Pills)	36
• Marijuana (Bulk)	4,433.4 grams	• Other (Pills)	473
• Marijuana (Sites)	3	• Money Seized:	\$129,649
• Marijuana (Plants)	99	• Weapons Seized:	5

SET Detective Brett Davis

SET Detective Brett Davis was deployed to Afghanistan in December of 2011 and will be there for 1 year. He is training Afghanistan national police and army and leads daily patrols into neighboring villages.

*Sergeant First Class Davis stops to inquire of the little boy where his shoes were and was told that the child's mother had to sell them for food.*

## Patrol Highlights

### Highlight #1 Graveyard patrol arrests masked burglar

On October 9, 2011, at approximately 3:23 a.m. Officers Chivington and Moen were dispatched to an audible commercial alarm in the 17500 block of 14th Avenue NE. This business is tucked away down a long, wide and dark driveway. The front door of the business is not visible from the street. Deputy Moen and Chivington arrived at the same time and drove about halfway down the driveway towards the business. Officer Moen was driving in front of Officer Chivington. At one point Officer Moen saw a tall slender person wearing a dark colored hooded sweatshirt and jeans. The suspect was also wearing thick gloves and a black baseball style hat over a black ski mask.

Officer Moen immediately got out of his patrol car and began giving the suspect verbal commands. The suspect was taken into custody without incident. The suspect was arrested and charged with burglary.

### Highlight #2 Person with a weapon

On September 13, 2011, shortly after 8:30 p.m. Officer Callahan was driving southbound on 5th Avenue Northeast in the 16000 block when he saw a male riding a bicycle Northbound on the east side of 5th Avenue. What initially got his eye was that the rider was not wearing a helmet, there were no lights on the bicycle despite it being dark outside nor could the officer see any reflectors. As the officer continued to watch he observed the bicyclist ride around a number of parked cars and look into them.

\*We have experienced a rash of car prowls in this area. As Officer Callahan drove past the bicyclist the cyclist looked up and saw him and almost lost his balance as he pulled in between two parked cars. Officer Callahan pulled over and turned his car around. When he looked to the location that he expected to see the rider he found that the cyclist had turned and was peddling away in the opposite direction. Officer Callahan managed to park about 25 yards ahead of the suspect and got out of his car

to contact the rider. The rider refused to acknowledge Officer Callahan and took off. Needless to say the chase was on with the suspect refusing to stop even when Officer Callahan activated his emergency lights and siren.

Officer Callahan ultimately chased the suspect on foot and caught him. The suspect had a fully loaded 38 caliber handgun in his fanny pack.

The suspect had multiple outstanding felony warrants for his arrest. To include violation of the uniform controlled substances act, attempted forgery, failure to register as a sex offender, felon in possession of a firearm. The suspect also has 11 prior felony convictions for assorted crimes.

### Highlight #3 Shoreline Officers successfully complete bicycle training course

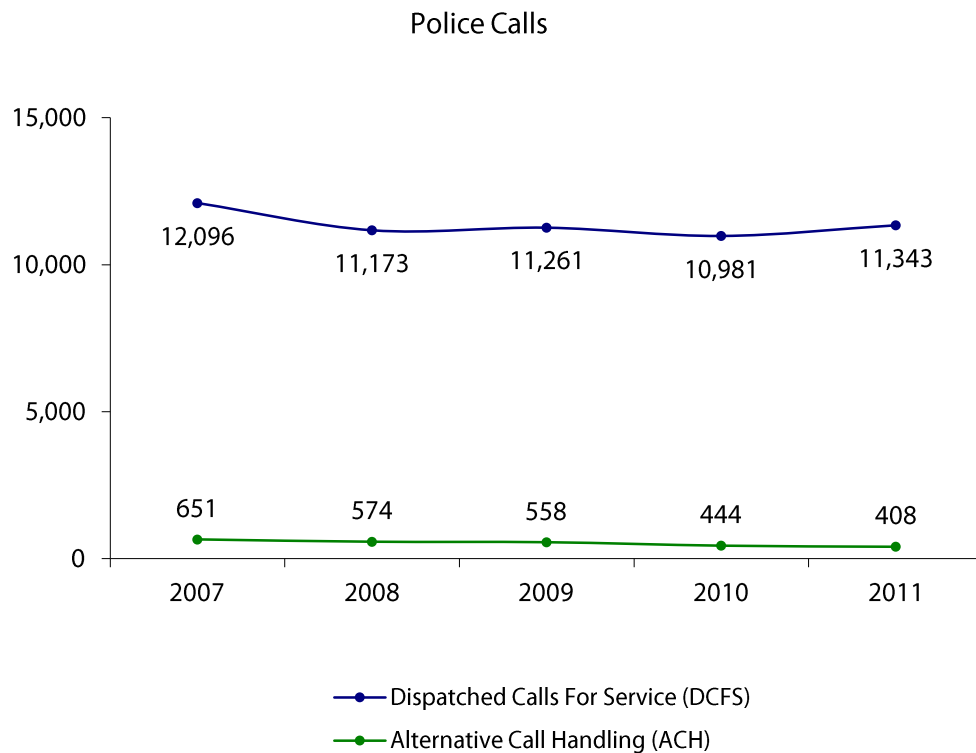

In August of 2011 our own Sergeant Woo (certified police bicycle instructor) held a bicycle training course in Shoreline for 10 of our officers. At the end of the training our officers successfully completed a skills test, a written test and a shooting course to obtain their certifications. These officers will be patrolling the Interurban Trail, the parks and our city streets as weather permits.

### Calls for Police Assistance

The public receives police assistance in a variety of ways. Residents can call the Emergency 911 Communications Center to have one or more officers dispatched to the field, called a “dispatched call for service.”

In addition to dispatched calls for service, 911 center operators can take certain types of reports over the phone through alternative call handling (ACH). This allows police officers more time to respond to those who need an officer present at the location of their incident.

Following are the numbers of dispatched calls for service (DCFS) and alternative call handling (ACH) incidents reported.

Source: Police Services Data and CAD

### Response Times to High Priority Calls

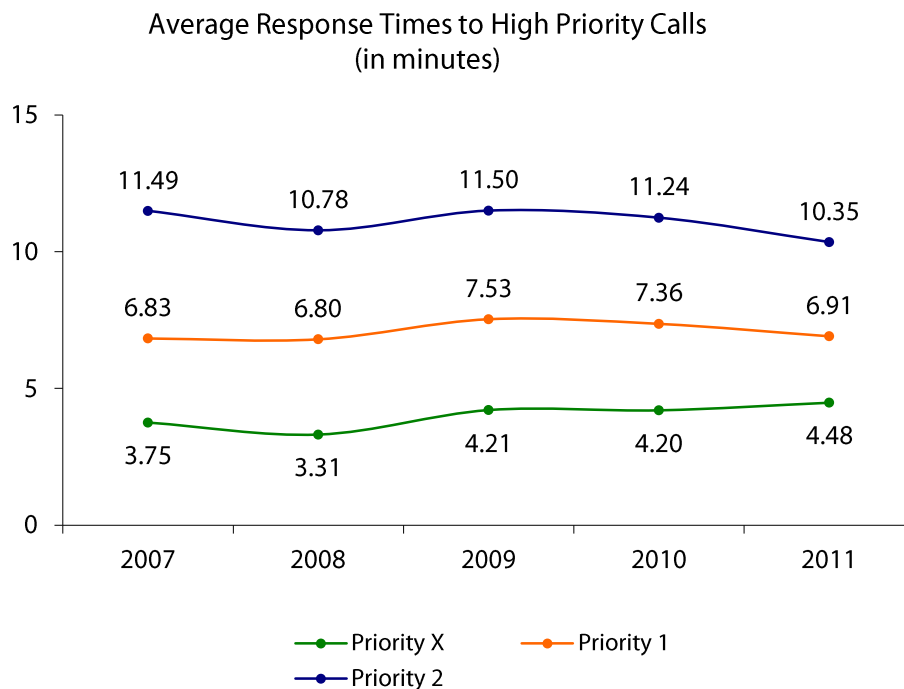

When calls for police assistance are received by the Emergency 911 Communications Center, they are entered into the Computer Aided Dispatch (CAD) system and given a “priority” based on the criteria described below. If the call receiver is in doubt as to the appropriate priority, the call is assigned the higher of the two priority designators in question.

“Priority X” designates critical dispatches. These are incidents that pose an obvious danger to the life of an officer or citizen. It is used for felony crimes in-progress where the possibility of confrontation between a victim and suspect exists. Examples include shootings, stabbings, robberies or burglaries.

“Priority 1” designates immediate dispatches. These are calls that require immediate police action. Examples include silent alarms, injury traffic accidents, in-progress crimes or crimes so recent that the suspect may still be in the immediate area.

“Priority 2” designates prompt dispatches. These are calls that could escalate to a more serious degree if not policed quickly. Examples include verbal disturbances and blocking traffic accidents.

Following are the City of Shoreline’s Police response times for the above priority calls. Response times include all time from the receipt of a phone call to the moment an officer arrives at the location of the incident.

Source: Police Services Data

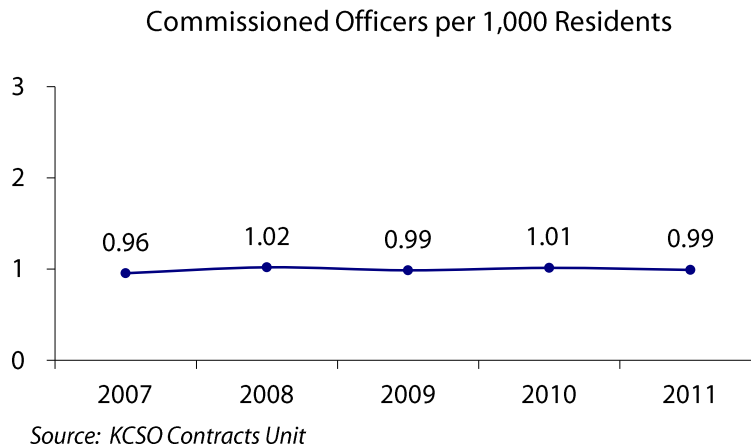

**Computer Aided Dispatch (CAD):** A computerized communication system used by emergency response agencies for dispatching and tracking calls for emergency assistance.

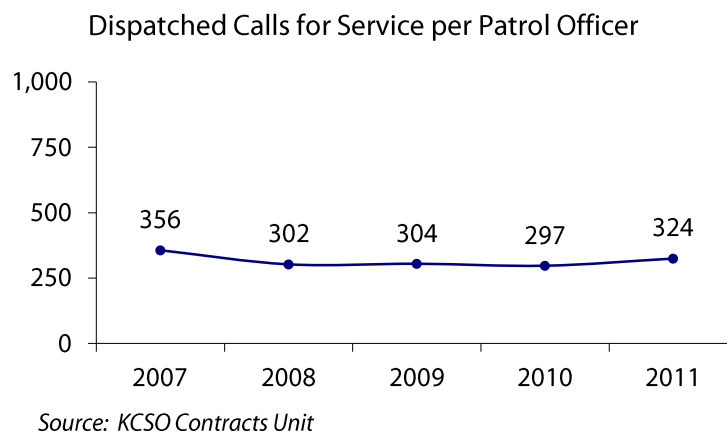

### Commissioned Officers per 1,000 Residents

Commissioned officers per 1,000 residents shows how many commissioned police officers are employed by Shoreline for every 1,000 residents. The total number of commissioned officers includes full-time dedicated officers, plus officers who work in supervisory or other non-patrol related positions, as well as officers that work in specialty units that are on-call for the city. Although the number of Shoreline's dedicated officers may stay the same from year to year, the number of officers that respond to calls for service can change with the city's needs. Therefore, the number of total commissioned officers can increase or decrease, depending on Shoreline's service needs from year to year.

### Dispatched Calls for Service (DCFS) per Patrol Officer

Dispatched calls for service (DCFS) per patrol officer is the average number of dispatched calls one patrol officer responds to within a year. This number uses only dispatched calls Shoreline pays for and does not include the number of responses an officer initiates (such as witnessing and responding to traffic violations, called "on views"). Also, the numbers below are *patrol only* and exclude non-patrol commissioned officers (such as supervisors or special duty officers/detectives).

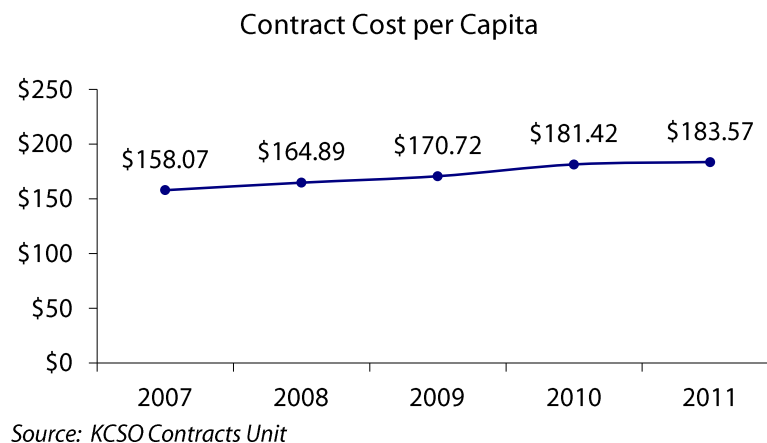

### Costs of Police Services per Capita

The City of Shoreline contracts with the King County Sheriff's Office (KCSO) for police services. Among other benefits, contracting for services from a larger law enforcement agency allows for cost savings through "economies of scale." Specific economies of scale provided through the contract with KCSO include:

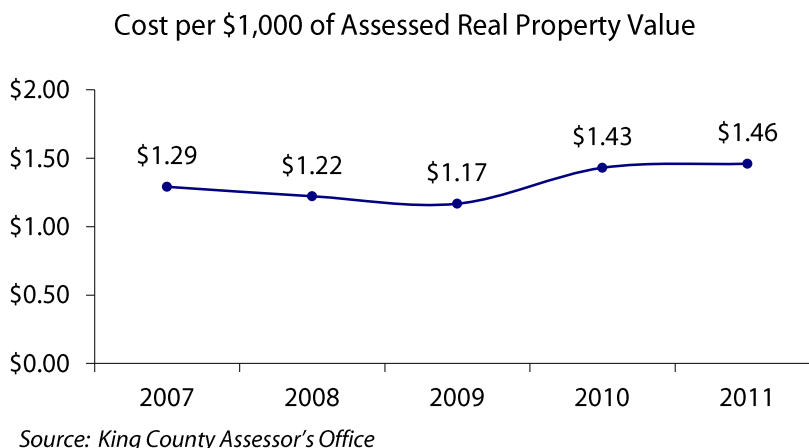

- Mutual aid agreements with other law enforcement agencies in Washington State
- A large pool of officers if back-up help is necessary
- Coverage if city officers are away
- Expertise of specialized units to assist officers
- Experienced officers to select from for city staffing
- Cost sharing throughout the department to keep city costs down

Costs for police services vary depending on a city's resources and the level and type of police services the community wants. The City of Shoreline may have additional funds or expenditures for special projects or programs as part of the city's law enforcement budget. These additional costs are not reflected in the contract cost per capita, which shows the contract cost for police services divided by Shoreline's population.

### Cost per \$1,000 of Assessed Real Property Value

Cost per \$1,000 of assessed real property value shows Shoreline's contract cost in relationship to the property values of Shoreline.

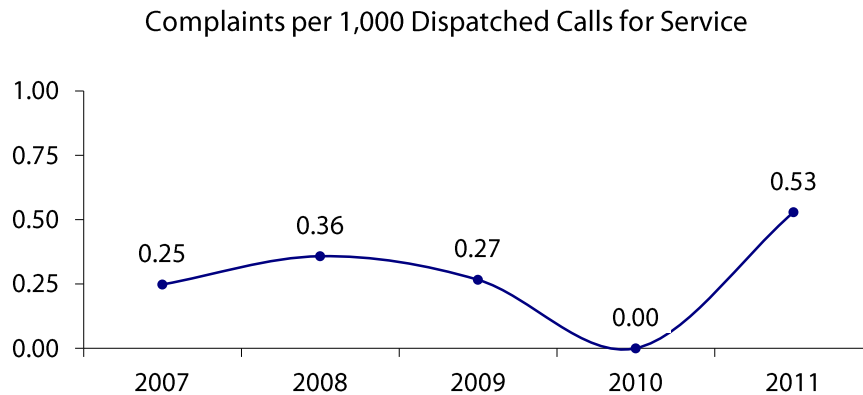

### Complaints against Officers

Complaints against city police officers can originate from the public or internal police department personnel. All complaints are accepted and reviewed. When a complaint is made, the King County Sheriff's Office Internal Investigations Unit (IIU) will review the complaint. While serious complaints are investigated by IIU, the majority of complaints are less serious and are handled at the worksites by supervisors. The following are the total number of internal and external complaints that were investigated for City of Shoreline officers:

*Note: Beginning in 2011, the data may reflect more lower-level complaints handled at the work site.*

	2007	2008	2009	2010	2011
Number of Complaints	3	4	3	0	6
Number of Dispatched Calls for Service	12,096	11,173	11,261	10,981	11,343

Source: KCSO Internal Investigations Unit

## Staff Highlights: Shoreline Police Community Service Officer Corona

The Shoreline Police Department has one Community Service Officer, CSO Corona. The CSO provides non-law enforcement services to the community, relieving police officers of some tasks that do not require police legal authority.

The CSO's responsibilities are many. A typical day included delivery of police correspondence to the city and county offices and courts. CSO Corona is also responsible for taking a majority of the found property cases, including bicycles, as well as assisting the Department in a community outreach function. CSO Corona assists with Spanish translation for our officers in addition to the Major Crimes Unit and also assists other law enforcement agencies when available. The number of people coming into the Precinct for Spanish services is increasing. Below are some 2011 highlights of CSO Corona's work.

### Highlight #1 CSO Corona assists Bothell Police Department

On August 29, 2011, the Bothell Police Department sent a letter thanking CSO Corona for her assistance.

Investigations Captain Drew Nielsen wrote "On August 25, 2011, Detectives with the Bothell Police Department were attempting to interview a suspect in a rape of a child case. The suspect did not speak English. In order to complete the interview, the detective needed the assistance of a person fluent in Spanish.

CSO Corona came to the station and provided assistance with the interview. As a direct result of her assistance, the suspect was booked into the King County Jail on two counts of Rape of a Child 3rd degree and Assault 4 charges.

We are grateful for the assistance and high level of professionalism demonstrated by CSO Corona, and for the willingness of your department to allow her to assist us. Please pass on my personal thanks for the support and cooperation of your organization."

### Highlight #2 CSO Corona guest on local Hispanic radio show

On November 1, 2011, CSO Corona was a guest on a local Hispanic radio show. She spoke on a number of topics to include sex offenses. She explained the different sex offender levels, how to search for an offender on line and community awareness. She also provided domestic violence information and talked about resources available to victims.

CSO Corona also spoke about tagging/graffiti and how to report it. CSO Corona is using her Spanish interpreting skills more and more. Throughout the year she has assisted numerous walk-ins at the Precinct regarding domestic violence cases assisted them with obtaining protection orders through the court.

On November 14, 2011, CSO Corona spoke with a Spanish speaking citizen whose son had passed away. CSO Corona worked with the King County Medical Examiner's Office and arranged a viewing for the mother and coordinated with the Harborview for cremation.

CSO Corona also assisted a domestic violence victim who had fled Texas. She helped the victim located shelters, ordered police reports from Texas and assisted the victim with written correspondence for the court.

Throughout the year CSO Corona works with many entities regarding elder abuse/neglect cases in our city. Many times these cases do not rise to the level of a criminal investigation but these people are at risk and need help. CSO Corona steps in to ensure that these people get the services they need. These are just a few examples of the type of work CSO Corona does on a daily basis.

## Special Events and Training

### Hazard Materials Fit Test

Each year our officers must go through a Hazard Materials Fit Test using their gas masks. Deputies from the King County Sheriff's Office Bomb Disposal and Hazardous Materials Unit ran all of our officers through a series of tests using their gas masks and protective gear.

### 2011 Emergency Response Training Exercise

The Shoreline Police working in a cooperative effort with the City of Shoreline and Shoreline Fire, conducted a training exercise at the Shoreline Christian School. This exercise involved several scenarios needing varied responses by both police and fire.

In this particular exercise 911 received a telephone call stating that there was an explosion on a school bus with injuries followed by a second report of armed suspects inside the school which necessitated an Active Shooter and Patrol response (ASAP).

These scenarios also gave the opportunity for the city of Shoreline to activate its Emergency Operations Center (EOC). This provided experience and valuable practice for members of the EOC to interact with emergency units in the field. A special thanks to the Shoreline Christian School, for allowing the use of their facility, and to the many students who helped by participating in the exercises as actors.

*Shoreline Police ASAP Team practicing.*

### National Drug Take Back Day

Once again the Shoreline Police Department participated in the National Drug Take Back Day that was hosted by the Federal Drug Enforcement Administration. The Kenmore Police Department joined Shoreline Police and made a joint effort to collect as many pounds of unwanted or unused prescription narcotics as possible. This was the first time Kenmore Police participated in this event. The drop off location was held at the Shoreline Police Station and was open to the public for six hours. During that time a total of 152.8 pounds of narcotics was collected. This event is held bi-yearly by DEA and the total number of pounds of narcotics collected this year by Shoreline Police is 250.8 pounds.

## Crime Prevention

The NCPC (National Crime Prevention Council) says that the "...responsibility of crime prevention doesn't fall on one person – it's everyone's business." Shoreline Police and its storefronts and volunteers are committed to making crime prevention their business. We consistently engage the community by providing programs, events and services to deter and stop crime.

Crime prevention in Shoreline works. Per the NCPC, "It is safer, less expensive, and healthier for communities to prevent crime than to treat its aftermath and lose civic health and productivity." Make crime prevention your business too. Join Block Watch or perform a home or business security check- before the burglar comes. Join our efforts to prevent crime.

## Social Media

Shoreline Police expanded the way they share information and educate the community about crime prevention, by using social media. A 2010 survey conducted by the IACP (International Association of Chiefs of Police), Center of Social Media, showed that 81% of respondents use social media and more than two-thirds of them use Facebook. In addition to our webpage on the city website, [www.shorelinewa.gov](http://www.shorelinewa.gov), we began using Twitter to facilitate information sharing with the public. Plans for 2012 included an internship program to utilize a local criminal justice student to assist us. This student would receive training and work with staff to establish and maintain social media such as a Shoreline Police Facebook page. As of this writing, this goal has been realized. Visit Shoreline Police Department on Facebook and Twitter.

## Block Watch

Block Watch is the one of the most successful anticrime programs in the country and is proven to reduce burglaries. It's the most effective and least expensive tool to make sure we have the safe pleasant environment we all want for our families and communities.

Host a Block Watch meeting in your neighborhood by doing these three things: **1)** Volunteer to be a Block Captain and get BW materials from storefront Officer, **2)** Identify which houses will be members of your Block Watch and create a map and email list and/or phone tree, and **3)** Follow-up with your storefront officer to schedule a meeting.

Storefront officers want to remind you that burglary offenders are now processed through the RBI (Repeat Burglar Initiative), which is a King County Prosecutor's Office Unit formed in 2009. RBI reduces crime rates by focusing on the most prolific burglars in our community. The program is modeled on the office's successful efforts to reduce car theft and uses many of the same approaches, including "stacking" cases and ensuring that offenders stay in custody pending trial. The RBI unit also works to build relationships with police agencies to encourage thorough burglary investigations and more prompt filing of cases, and raises community awareness of burglary prevention.

## Block Watch Mapping → Map Your Neighborhood

Shoreline Police encourage Block Watches to stay active. One of the best ways is to contact the City of Shoreline Emergency Management Coordinator's office to Map Your Neighborhood. Mapping for Block Watch overlaps with the Map Your Neighborhood.

*Sgt. Bruce Bartlett helps with Police displays at the Emergency Preparedness Fair, May 2011*

## Business Watch

Shoreline Police partner with Shoreline Businesses through our Business Watch program. Business Watch is an umbrella of several programs offered to the business community:

- RTP (Retail Theft Program)
- Security surveys known as CPTED (SEP-ted) or Crime Prevention Through Environmental Design
- E-911 Business Emergency Notification
- CFMH (Crime Free Multi-Housing), also known as the Landlord Training Program

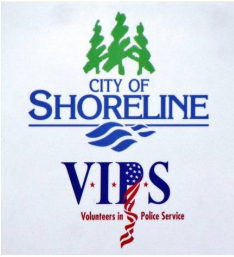

### **Robbery Response Training**

In early November, Shoreline Police hosted a multi-agency Robbery Response Training. Financial institutions from Shoreline, Kenmore and Lake Forest Park were invited. Attendees heard presentations by Chief Pingrey and Captain Strathy, and heard tips and investigative information from Major Crimes Detective Christina Bartlett of the King County Sheriff's Office. Training focused on communication, observations and evidence preservation.

### **Retail Theft Program**

Shoreline Police work in conjunction with selected businesses in the City of Shoreline and implemented this program in 2003. RTP is an alternative reporting program which saves valuable resources for businesses and police. The benefits include having a detailed manual and on-site

training as well as a direct liaison in the police department. In 2011, approximately 60 cases were processed via the RTP.

V.I.P.S.

Police volunteers are registered members of Citizen Corps/VIPS (Volunteers in Police Service). Volunteers continue to coordinate and manage a variety of services and programs provided to Shoreline citizens including:

- Court Reminder
- False Alarm Reduction
- Vacation House Checks
- Victim Call Back
- Citizen Park Patrol
- E-911 Business Emergency Notification
- Residential and Business CPTED surveys
- Crime Analysis Support: Crime Maps & Summaries
- Memory Impaired Assistance Program

In 2011, VIPS participated in a hands-on demonstration of latent fingerprint processing by King County Sheriff's Office Latent Lab examiners Lynne Dean and Kathleen Swihart. Volunteers also received their certification in CPR and AED (automated external defibrillation), taught by Shoreline Fire. City Mayor Keith McGlashan proclaimed the month of April as Volunteer Appreciation Month in the city of Shoreline. Volunteers were recognized at the Annual Shoreline Police Volunteer Recognition and Training as well as at the City of Shoreline Volunteer Appreciation Soiree.

*Shoreline VIPS at latent print training and annual recognition ceremony.*

Gun Locks: Project Child Safe

“Put a lock on safety” with free gun locks from the Shoreline Police. The give-away is made possible by a grant from Project Home Safe and the U.S. Department of Justice.

The cable locks are designed to work on all types of handguns, shotguns, and rifles. The locks come with an instructional booklet and a key. Since the locks are intended as only one deterrent for children, Shoreline Police Chief Daniel Pingrey emphasizes that safe storage of guns and talking to your children about gun safety are also important.

Talking to your kids about gun safety

Young people may be curious about firearms and as a result may be tempted to “play” with a firearm that they find. Make sure young people in your home are aware of and understand the safety guidelines below.

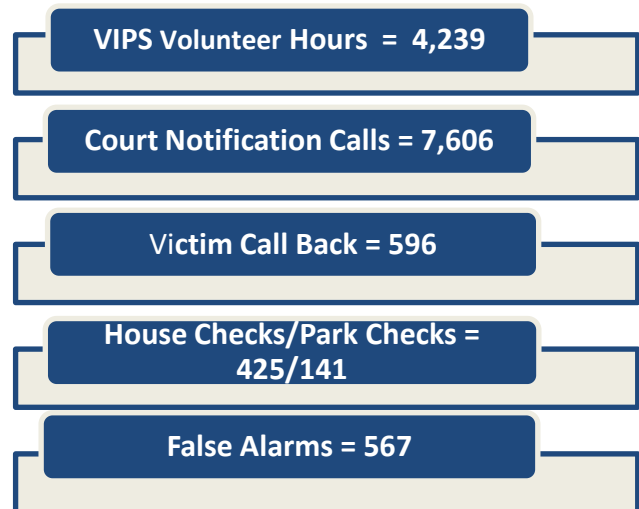

- Don’t go looking for guns in your house or a friend’s house. Don’t let other kids look for guns in your house.
- If you find a gun in your house-or anywhere else-STOP! Leave it alone. Don’t touch it.
- Don’t let anyone else touch it. Leave the area. Tell an adult.
- Even if a gun looks like a toy, don’t touch it. Some real guns may look like toy guns, so don’t take a chance. Leave the area and immediately tell an adult.

Residents interested in getting a free gun lock can schedule an appointment with Officer Obstler, Westside Storefront at (206) 546-3636 or the Officer McKinney, Eastside Storefront at (206) 363-8424.

### Car Seat Checks

Although Washington is fortunate to have more than 400 Certified Child Passenger Safety Technicians, there is still a significant need in both large and small communities to have more trained people with the interest and the time to help parents, grandparents and other caregivers learn how to keep children safe in cars.

In 2007, Shoreline Police filled this need in our community and began offering car seat checks to residents of Shoreline. We currently have a police officer who is a certified Child Passenger Safety Technician. The standardized certification establishes quality control in child passenger safety and requires ongoing education and assessments.

Car Seat Checks are done by appointment only for Shoreline residents. Call Officer Obstler at the Westside Storefront, 206-546-3636 or email [Leona.Obstler@kingcounty.gov](mailto:Leona.Obstler@kingcounty.gov) to schedule.

Additional information about car seats, car seat safety and technicians in your community can be found by contacting: 1-800-BUCKLUP or [www.800buckleup.org](http://www.800buckleup.org) (Washington State Safety Restraint Coalition) or, NHTSA (National Highway Traffic Safety Administration), [www.NHTSA.gov](http://www.NHTSA.gov), 1-888-327-4236.

### More Information

For more information on crime prevention programs and services, contact the Shoreline Police Department at (206) 801-2710 or <http://shorelinewa.gov/index.aspx?page=183>.

## Volunteers of the Year

### Keith Bond

Keith Bond has been a dedicated volunteer for the past four years. Keith has taken on the Burglary Summary Reports for commissioned staff by reviewing burglary reports, summarizing them and creating a pin map. The map and information is very useful to street officers and detectives for seeing burglary trends and helps officers know where extra patrols are needed. These reports and maps have been instrumental in solving and arresting several burglary suspects.

Keith moved to Seattle in 1954 and graduated from Shoreline High School. He served in the Navy on the USS Kearsarge aircraft carrier, and then worked in the grocery industry until he retired. Keith's wife Jeannie is also a volunteer and told us that Keith has always had a servant's heart, ready to help whenever and wherever needed. His son says that Keith, "...is a man of honor and integrity..." who lives by the belief that you should treat others as you would like to be treated.

Keith displays tireless devotion and professionalism to the City of Shoreline and its Police Volunteer Program.

### Jean Clements

Jean Clements has volunteered for Shoreline Police since 1996 and took part in developing and carrying out some of the first community programs. Jean worked on a telephone call program to check on and offer resources to senior shut-in's. Jean works on the vacation house checks program and assists with training new volunteers.

Another opportunity to help was to update the E-911 business emergency notification cards. Jean personally contacted businesses to update information for the E-911 program. Jean also assists with CPTED and security surveys.

During "Celebrate Shoreline", Jean volunteers for the parade and crime prevention booth. Without fail, Jean comes to all volunteer training/recognitions and takes CPR/AED training. She is a graduate of the KCSO Citizen's Academy. In late 2007, the West Storefront needed to fill a shift. Jean offered to do this and now has been coming in for double shifts- for over four years.

Jean is a longtime Shoreline resident of over 51 years and raised her family in our community. She is a graduate of Everett Junior College receiving a degree in airline and transportation studies. Volunteerism has been a calling of Jean's and she told me she volunteered many years at both Stevens Hospital and Seattle Children's Hospital.

Jean not only received a Shoreline Police Volunteer of the Year Award for 2011, but was selected from a group of very qualified candidates to be the Volunteer of the Year for the King County Sheriff's Office. Sheriff Susan Rahr presented Jean with this award at a ceremony in the King County Council Chambers. Jean's dedication, positive attitude and willingness to pitch in when needed are just some of the hallmarks of what makes an exceptional volunteer.

## Community Events

This year as in years past the Shoreline Police Department has participated in numerous community events throughout the city. To include the Strawberry Festival, the Ridgecrest Ice Cream Social and Celebrate Shoreline.

### Special Olympics Torch Run

For the past 16 years the Shoreline Police Department has participated in the annual Special Olympics Torch Run.

### Officer Stan Chapin

This year we would like to pay a special tribute to Officer Stan Chapin. For the past 11 years Officer Chapin was the School Resource Officer for Eastlake High School and Inglewood Junior High. He joined the King County Sheriff's Office in 1974, and was assigned as a DARE officer in elementary schools for 5 years.

Officer Chapin ran in the Shoreline Special Olympics Torch Run most every year. He was an avid runner, winning the 1974 Seattle Marathon and competing in the 1974, 1976, and 1977 Boston Marathon. Officer Chapin passed away January 30, 2012. He will be missed.....
