

2013 – 2014 Crime Prevention Workplan

February 25, 2013

Citizen Satisfaction Survey

- Crime prevention satisfaction
 - In 2010 - 66% satisfaction vs. 60% in 2012
- Feeling safe in neighborhoods
 - 91% - day, 69% - night, overall City – 78%
- 71% - public safety priority over next two years
 - City focus crime prevention efforts

Crime Prevention Focus Group

November 2012

- Cross department effort with the City Manager's Office, Council of Neighborhoods, and Police
- Received good candid feedback – what's working and where to improve

Communications

- Listed as a top priority
- Shoreline is maintaining an interest in preventing crime and keeping up with technology
- Major crime events
 - Need to put out timely/accurate information
- Large Police Response
 - K9, helicopter; improved feeling of safety – reduce fear of crime
- E-Alert demo – send info by neighborhood

Crime Prevention Efforts

- Streamline the process
- Update the Police web page
- Promote – increase public interaction with Police
- Expand Block Watch – Ancillary Duty

Investigative Efforts

- Drug Enforcement Administration (DEA) detective to Shoreline Special Emphasis Team (SET)
- Clear objectives – refocus investigative priorities and approach
- Change hours of operations – (SET) align with crime patterns
- Weekly meetings – top five/high impact offenders, include burglary detectives, SET, crime analysis

Community Policing

- Schools – regular meetings between Schools, Police, Fire and OEM – ASAP interior/exterior lock downs
- Traffic – refocus on neighborhoods, visibility, work with Public Works/Data Driven Policing
- Visibility – unmarked to marked
- Parks – Crime Prevention Through Environmental Design (CPTED)
- Code Enforcement – regular meetings, coordinate efforts

Police Facility Feasibility Study

- Meet the operational needs of Police and the public
- Improve interaction with City staff – cross department efforts
- Volunteers – meet space needs, streamline operational efforts, improved information sharing and training
