Yes. The Comprehensive Plan contains the following policy in the Capital Facilities Chapter:

CF10: Consider all available funding and financing mechanisms, such as utility rates, bonds, impacts fees, grants, and local improvement districts for funding capital facilities.

The Capital Facilities chapter covers the financing of capital facilities for: police, fire, parks, streets, water, sewer storm & schools.

I believe the answer is no, but I'm forwarding to Rachael to respond.

Thanks,  
Julie

Subject: Impact fees

Julie,

Are there any parts of our comprehensive plan that discuss impact fees for fire, parks, or surface water?

Thanks,

Chris
