roosters

Comments:

I am against the rooster ban, further more I don't see why you can't grandfather them in. We have roosters. we keep them in a quiet at night and do not t let them out until after 7:30. They make no more noise than trucks or lawn equipment. When we got them they were legal in shoreline. I don't see how you can just take them away.

Further more The mayor and Deputy mayor's comments about roosters from commercial chicken farms in Idaho and Belize and comparing them to a small urban flock is about as logical as me saying I went to a monster truck rally and did not like the noise, so pickup trucks should be outlawed in the city.
