Council –

Here is a follow-up to a question raised as part of the budget discussion last week from Councilmember Roberts regarding any future potential payment from Sound Transit on property they need to use from Ridgecrest Park.

**Subject:** sound transit and ridgecrest park -- Councilmember Roberts question last monday

Just heard back from ST. Ridgecrest park was acquired through the Forward Thrust Bond program which requires replacement. ST will be taking a strip from the park, and will replace it in kind with other land adjoining the park. They are working with Parks Dept on this. No money will change hands.
