Subject: 15 foot setback
Date: Wednesday, November 27, 2013 4:16:53 PM

I would like to add my voice to the many residents of Shoreline in support of the Planning Commission's recommendation for a 15 foot setback or transition from business to single family homes. Of course we need businesses for economic and lifestyle reasons, but what has drawn most residents to Shoreline, I think, are the many lovely residential neighborhood. Don't threaten that, please.

I have lived in shoreline since 1989.
