**Importance:** High

---

Council –

Just a couple of things for tonight:

1. No Dinner Meeting – just a reminder.
2. In addition to Councilmember Hall, Councilmember McGlashan will not be at tonight's meeting for personal reasons.
3. Councilmember Roberts requested that staff draft amendment language for the B&O Tax strategy. We have drafted the following language (underlined) for Councilmember Roberts for him to use if he wants to move the amendment:

Target #6: "In 2016 or later, engage the business community in a discussion regarding the possible future implementation of a Business and Occupation (B&O) Tax, to include a threshold exemption on a certain amount of gross receipts."
