7. PLEASE LISTEN TO THE CITIZENS YOU WORK FOR! We are LOUDLY saying NO to your proposed plans. We do not want our city turned into little urban villages. We do not want 140' buildings and we do not want areas rezoned for businesses that are residential. Families with children need yards to play in as apposed to tall buildings to live in. Parks are nice, but not always possible to pack up & go to. Lack of exercise is causing our children health issues!!!
Keep the businesses on 15th NE. Put some incentives out to replace these old dilapidated business buildings. There is still a lot of room for growth on 15th without rezoning a residential neighborhood. If you feel the need to have additional space for businesses... then put them on 175th where they will visable to more of the public.
Please remember that we are people, citizens of this city. There are other designs out there to fix up/replace some of these older homes with out upsetting the entire dynamics of the neighborhoods
PLEASE LISTEN TO THE CITIZENS OF THIS CITY!
