7. Council members, I've lived in Shoreline since 1965, and you have done some great things over the last few years, especially the refurbishing of Aurora Avenue! That being said, a re-zoning that would allow the construction of numerous Apartments and retail shops on the east side of I-5 would ruin everything accomplished up to this point. There would be increased traffic, noise, and worst of all, an increased criminal element that the Shoreline Police have done a good job of keeping under control up to this point. That would no longer be the case after the construction of Apartments.
I will be at the meeting on Monday to hear your side of things, but if what I've heard recently from concerned citizens comes to fruition, I guarantee none of you will be re-elected, and you will have to deal with the guilt of ruining Shoreline!
