Subject: Rezoning the heart of Shoreline
Date: Sunday, March 15, 2015 9:45:08 PM

Dear City Council Members,

I am writing to you to express my great concern over the massive rezoning plans you have for Shoreline. Shoreline is a beautiful family-friendly community, filled with single-family homes throughout the neighborhood. We have parks and fields for our children and schools that we can be proud of.

To take away our homes for the sake of adding 7-story apartment buildings along with MUR-45 is unnecessary. This takes away from our community, our families, our children and our life long residents. I understand the need for some rezoning close to the light rail, but the plans you have for rezoning, far exceed the area of the light rail.

Instead of forcing families to move, and replacing their homes with apartments, you need to focus on our children's future. This is not it.

I am disappointed that our city council would take they type of action that they have. I hope at Monday's meeting you think about what you would want for your own children and the community that they live in. This is not it.

Michele Freitas
46 year resident of Shoreline
