7. I live at 2328 N. 188th St in a single family home that has been in my family since 1963. You radical rezoning of this area will effect many middle class families - a loss breed today in many cities - due to dense overbuilding of commercial and apartment complexes. Due to finances, Many of these future displaced middle class families will not enjoy the luxury of relocating to affordable single family homes in single family neighborhoods. Due to pressure of properties being sold to potential developers, and changes to the landscape, and potential property devaluations, neighbors will feel the pressure to sell and move out of Shoreline - their lives forever changed.
