---

Dear City Council Members,

I am emailing you to state my strong opposition to any plans to rezone the 145th St subarea in anticipation of the light rail coming to Shoreline.

I moved to this area to buy a home in a suburban area in which I can raise my kids. My street is full of young families who have the same intentions and desires. We love this residential area as it is. We voted to bring the light rail here and we elected each of you to represent our desires in making decisions for our city.

We have a wonderful natural area here and a dense rezone, such as you are proposing, can potentially ruin the delicate ecosystem.

Amy Schley  
Resident in the 145th rezone area
