To the city council

my name is Buford Fearing and I live on 9th Ave ne

I am very disturbed at how the council is handling this re-zoning issue

I have lived in my home for 50 years and love my neighbors and neighborhood. I didn't sign up to live in a modern city. you want to turn our neighborhoods into commercial area's

I have been informed that shoreline is 2nd in the state for density of population. So let me get this correct, you want to add to the congestion? that is not rational at all.

Question, why is the rezone area so large? the council seems entrenched on this plan with no compromise on anything as evidence of this at the last meeting there were 9 amendments proposed, not a one passed. I guess the council needs reminding that you serve us not the other way around. lets face the fact that you want a larger tax base and don't care how you get it. I can only speak for myself, but if this is rammed through I will never vote yes for another school levy or bond measure or a parks bond, and I am quite sure many people in Shoreline will do the same

I suggest you work with us instead of against us. when all is said and done if we don't get listened to there will surely be a lawsuit against the city of Shoreline, and I don't think any of us want this, me included, but we intend to fight

sincerely

Buford Fearing
