7. I am very pleased with all the work and planning done to get ready for the 145th street Light Rail Project.
My husband and I have discussed the many pros and cons. We are for you going forward with density as planned. We need more affordable housing in the area and feel this project is in all citizens' best interests.
Yes, neighborhoods will be impacted, including ours, but change is coming and we feel you have done your best to make it work for the good of the community.
We welcome change even at ages 80 and 73. Thank you for all your hard work.
It will be exciting to see the 145th corridor working better for traffic and small businesses.
