6. 145th Station Area
7. Hello City Council,
I am currently a resident on 155th and a new to the neighborhood. One of the biggest selling points to moving into the area for myself was the fact that a light rail station would be with-in walking distance of my house once it is built. Providing easy access to the rest of the greater Seattle Area. I am not naive in thinking that development will follow the light rail station and I am a support of intelligent rezoning of the area surrounding the station. I am looking forward to having little restaurants, cafes, and shops within walking distance of my house. Aurora is not a walk able neighborhood and a redeveloped "145th and I-5" would improve the quality of life for those living in the area.
8. (o) Support

Thank you,
City of Shoreline
