7. If this is a first step toward expanding our alternatives for high speed internet service in Shoreline I am in complete support of the proposed ordinance. I hope that they will extend their service to all of Shoreline. (Perhaps you could make your approval contingent upon them agreeing to expand to serve all of Shoreline within a certain timeframe.) Our current alternatives are either painfully slow (CenturyLink) or ridiculously expensive (Comcast/Xfinity). We need more competition to improve our internet service while encouraging more competitive pricing.

Thank you.
