Dear Council Members,

I heard that today there is a very important vote that will impact my neighborhood. Please vote to approve docket item 1 for further study and direct City staff to study setting a volume/capacity ratio limit on collector arterials. This issue is highly important to me and to the future of our neighborhood. I will carefully take into account how each Council member votes and that will strongly affect whom I support in upcoming and future City Council elections.

Thank you.

Sincerely,

Ellen McCall
