Dear City Council,

Please approve docket item 1 for further study and direct City staff to study setting a v/c ratio limit on collector arterials. Thank you!

I have huge concerns about the capacity of 15th Ave NW. There is a he safety problem where 15th intersects Richmond Beach Road. Many times I am simply unable to take a left from 15th due to the unusual traffic pattern there. With more cars in 15th, this will become unbearable and a serious accident is inevitable.

Sincerely,
Barbara Twaddell
1337 NW 201st
