**Date:** Monday, June 15, 2015 3:37:19 PM

---

Please approve docket item 1 for further study and direct City staff to study setting a v/c ratio limit on collector arterials. We live on 15th near the Kruckeberg garden and see SO many near misses with speeding traffic and volumes. This becomes more concerning as the traffic volume has increased tremendously, and more people are visiting our neighborhood due to the garden. There have been many new families, all with small children move into the area, and one of these days these near misses will turn into a tragic event. Thank you for your support.
