

Purpose: Provide input on the design of the Sound Transit 145th & 185th Street light rail stations, garages & related structures in Shoreline

Public Process Options

- Community Advisory Board – Discussed August 3rd
- Enhanced Open Houses – New proposal based on Council direction

Shoreline Hosted Open House

- Kick Off – Vision Session
- Sound Transit participation
 - Background Information
 - Context
 - Information/graphics
- Desired Outcome: Shoreline's Guiding Principles for Design

Consolidated Public Process

- Sound Transit's 30%, 60% & 90% Stations & Garages + other facilities Design Open Houses
- City's role
 - Shoreline's table & presentation
 - Solicit targeted design comments – if desired

City to Sound Transit: Design Direction

- Open House public comments + staff design team input provided to Council
- Council options to provide formal direction
- Other methods available to the City to provide design input

Recommendation

Move to approve the “Open House” based public review process for commenting on Sound Transit’s 30%, 60% & 90% designs for Shoreline’s stations, garages & other associated light rail facilities
