Subject: Tolling study amendment to 2016 City budget
Date: Thursday, November 19, 2015 3:42:13 PM

We can't know that annexing Point Wells is the best answer for the City if we don't study other alternatives. Please approve adding money in the 2016 budget for a study of tolling on Richmond Beach Drive as it enters Snohomish County. This is a critical decision for the City with long term consequences. It deserves a full study including alternatives like tolling.

Thank you.
