Re: Tolling study amendment to 2016 City budget

We can't know that annexing Point Wells is the best answer for the City if we don't study other alternatives. Please approve adding money in the 2016 budget for a study of tolling on Richmond Beach Drive as it enters Snohomish County.

This is a critical decision for the City with long term consequences. It deserves a full study including alternatives like tolling.

Thanks,
Ron Greeley
