

LINK LIGHT RAIL OPEN HOUSE

Helping the City & Residents Prepare for the Sound Transit Design Process

In 2016, **Sound Transit** will begin the final **design phase** for the **Lynnwood Link Light Rail** extension that will run **through Shoreline**. As part of that effort, beginning in mid-2016, Sound Transit will hold three public open houses to gather input on the design of the stations and related facilities at NE 145th and 185th Streets.

To ensure the community's interests are adequately represented during Sound Transit's design phase, the **City will host an Open House** and develop a set of guiding principles to help inform the design of the light rail stations and facilities in Shoreline.

PLEASE JOIN US:

- DATE:** Wednesday, January 27, 2016
- TIME:** 6:00 p.m. - 8:30 p.m.
- PLACE:** Shorewood High School - Commons & Theater
17500 Fremont Ave N

The open house will provide:

- Background for the process to date and how to participate moving forward
- An opportunity to comment on Draft Guiding Principles for Light Rail Facility Design
- Images of possible design elements for stations and garages
