Dear Council,

Please add to previous comment for tonight's agenda on Environmental Priorities and include in the record on the 145th Subarea, EIS, 145th Corridor. This clip shows a recent storm overwhelming the culvert at 148th. This is a trail which should be a pedestrian and bike path and alternative to the dangerous 145th/ rt 523. Right now it is a washout.

We request to be Parties of Record with Legal Standing.

Thank you.

Janet Way, President
Shoreline Preservation Society
