6. Human Services Funding
7. The North Urban Human Services Alliance supports the recommendations setting human services funding as a percent of the general fund starting at .75 in 2017 and rising to 1.0 by 2022, moving the Senior Center's operating funding to the Parks Department and prioritizing Basic Needs and Counseling.

These changes will result in stronger system of services that are available to Shoreline's residents.

NUHSA and its members thank the Council and the City of Shoreline for playing an active role in funding and supporting human services. We applaud the City for its past efforts to provide additional funding to human services. And we encourage the Council to take this additional step of increasing the level of resource going to assist our most vulnerable community members.

Thank you for your continued support.
