What is CERT?

CERT is about readiness, people helping people, rescuer safety, and doing the greatest good for the greatest number. It a positive and realistic approach to emergency and disaster situations where citizens can make a difference!

Volunteers practicing a simulation drill.

Following major disasters, fire, medical and police emergency responders are not able to meet the demands for services. People will need to rely on

each other for help to meet immediate life saving needs.

Help Your Neighbors

The **CERT** program provides citizens with an understanding of the responsibility in preparing for disasters. It increases the ability to safely help themselves, family and neighbors. This helps fire and police do their difficult jobs in the time of crisis.

GET INVOLVED!

Fall CERT classes will be held at Shoreline Fire Station #61 and Shoreline City Hall. You must attend every class to receive certification
