---

Jessica, I just submitted a Development Code Amendment application with Steve and Lucinda that I believe they provided to you so you could include the pdf in the Council packet for tonight. I plan to be there to provide public comment.

In the text of the documents I reference a report the City of Seattle did on the same type of amendment I'm proposing to encourage ADU construction. Since I'm assuming you will give them a pdf of the documents I was hoping you could also include the website as a hyperlink so they could reference it if desired during the meeting. The link to the report is:

[http://www.seattle.gov/dpd/cs/groups/pan/@pan/documents/web\\_informational/s010013.pdf](http://www.seattle.gov/dpd/cs/groups/pan/@pan/documents/web_informational/s010013.pdf)

Or you could download the report and just provide that. I appreciate this! I'm sorry its so last minute!
