Jessica and Rob,

I wanted to forward this to you as a follow up to my comments to the City Council recently regarding the Crisis Clinic. This graphic provides some additional information about the King County 211 line operated by Crisis Clinic. Jessica, I hope you can distribute this to the Council as a supplement to the material I provided at the meeting regarding some of our other lines, such as the Crisis Line and Teen Link. We thought this additional material might be helpful.

Best Regards,

Mike Nielsen, Trustee
