Regarding the 145<sup>th</sup> Street Subarea  
Plan

I live in Upper Pelican Park  
on a cul de sac of 29 homes,  
our only entrance is at 8<sup>th</sup>  
NE and 150<sup>th</sup>. We have 4  
different addresses:

NE 150<sup>th</sup> Street

9<sup>th</sup> Place NE

NE 148<sup>th</sup> Street

9<sup>th</sup> Avenue NE

We have no sidewalks and  
due to the narrow road, there  
is no room. Some of the  
homes are on a steep bluff  
and look over Paramount  
Park and wetlands.

We need to be zoned R-6  
due to our area of roads  
and homes not feasible for  
MUR 35.

I have been the  
Blockwatch Captain for  
many years with my  
assistants Jim & Patte Fisher.

We keep in touch by our  
neighborhood Blockwatch  
chart giving names, addresses  
and phone numbers -

We now have our own  
Blockwatch as I have tried  
in vain to contact the head  
of Blockwatch for information.

Phone calls are made when  
we have Coyotes or raccoons  
on our circle or someone  
has gone through unlocked  
cars and stolen things. We  
are a close-knit circle and  
hope to remain that way.

I have lived here 57 years.
