In regard to the rezoning recommendation – I don't see why it is necessary to take half the block of streets north of 155th. Our block – 12th NE between 155th and 158th – has improved slowly over the years. People have put money into their homes. If you have to, maybe take a house or two closest to 155th although those people are not going to be happy about it either. I just don't like to see the neighborhood changed and I don't want to live next door to a yoga studio or more likely a marijuana store. Please reconsider.
