I am opposed to the current re-zone plan in the neighborhood just South of paramount park open space. There is a lot of hilly terrain in the 148th pelican park loop as well as a well known wetlands area and part of Thornton Creek. The roads in the loop are relatively narrow and with the lack of parking spaces planned in new condo and apartment buildings, the neighborhood will be unable to accommodate the additional cars that the re-zone will bring to the area.

Thank you, Renate Schumaker
