Subject: Homeless house regulations
Auto forwarded by a Rule

Dear City of Shoreline,

I'm against the proposed relaxing of homeless encampment regulations within the city. We have existing rules that have allowed them to be regulated at certain sites on a rotational bases. We are property owners and tax payers, allowing encampments all over the place will lower our property values, lowering tax revenue for city, county and most importantly schools. We as a city cannot afford that.

How will the new rules be regulated and at what cost to the city. Who will clean up after them? They certainly won't as witness to the tons of trash being left along side our highways. Unfortunately some of the homeless do not want to be in encampments because they are banned from drinking and doing drugs in them. So we want this to go on unregulated, with no ability for the police to enforce it.

Please do not relax the regulations.

Jim Jaquish

A citizen, property owner and tax payer in Shoreline
