Council -

This will go in the green folder for tonight. Deputy Mayor Winstead had asked about the impact of the buffers (500 ft and 1/4 mi), as that was not part of the Planning Commission recommendation. The proposed project numbers refer to the projects as listed on Attachment E to the staff report. We'll also have hard copies of that map for you tonight.

If helpful for CC to have in advance of the meeting - here is how the PC recommendation compares to applying a 500 ft. & 1/4 mile radius "distance from" regulation.

Planning Commission Recommendation would prohibit development of the following proposed facilities:

Proposed Project #2 - 19022 Aurora Avenue North (arterial corner restriction)
Proposed Project #5 - 17703 15th Avenue NE (Community Business in North City)

Planning Commission Recommendation + a 500 foot radius from existing would prohibit development of the following proposed facilities:

Proposed Project #2 - 19022 Aurora Avenue North (arterial corner restriction)
Proposed Project #5 - 17703 15th Avenue NE (Community Business in North City)
Proposed Project #6 - 14553 Bothell Way NE (500 ft. radius)
Proposed Project #4 - 20029 19th Avenue NE (500 ft. radius)

Planning Commission Recommendation + a ¼ mile radius (1,320 ft.) from existing would prohibit development of the following proposed facilities:

Proposed Project #2 - 19022 Aurora Avenue North (arterial corner restriction)

Proposed Project #5 - 17703 15th Avenue NE (Community Business in North City)

Proposed Project #6 - 14553 Bothell Way NE (500 ft. radius)

Proposed Project #4 - 20029 19th Avenue NE (500 ft. radius)

Proposed Project #3 - 17000 Aurora Avenue NE (1/4 mile radius)
