Good evening,

tomorrow night, the School District bond measure is on your agenda. Because of this, I know that you are already familiar with the details of this exciting proposal.

Now, I am writing to respectfully ask for your individual endorsements.

To recap/summarize...

This bond will do three things. One, it will replace the two aging middle schools, which are at the end of their life spans. Two, it will build in some elementary capacity by replacing Parkwood Elementary school. Third, it will create an early learning campus that will co-locate all three Shoreline early learning programs in one place.

They are asking for a \$250 million bond, and have a pretty good presentation [up here](#).

Our bond [campaign website is here](#), if you'd like to read more about the ongoing efforts. If you are so inclined, you can also endorse (or contribute) through that site as well.

I would love to be able to add your names to our list of endorsers. You can add your name either as an individual (private citizen), or with your City Council title. Your support would mean a lot.

To endorse this bond measure, please either respond to me or visit our campaign website.

Thank you,

Lisa Surowiec
