This is a very bad idea, you drive around Seattle and it's full of garbage littering the streets from the homeless. Most of these people are drug addicts and alcoholics who don't want to change! If you keep giving them services it's called enabling and they will continue to stay in their rut, if you want to turn our city into a garbage dump keep up this kind of thinking! I totally oppose this insanity!
Larry Demmert, Richmond beach resident
