Dear Shoreline Planning Commission

The majority of home owners in Shoreline do NOT want backyard camping. Homeless people do not belong outside in tents battling the elements. They need a real roof over the heads and to be close to services to help them get back on their feet. Changing the zoning laws to appease a few well-intentioned (although misguided) residents and anger the majority of other residents does not make sense.

As a home owner in Richmond Beach I urge you to follow the wishes of the majority of shoreline home owners and vote this down.

Thanks,
Albert Amman
