7. We have lived in our home here in Shoreline for 30 years. We are strongly opposed to allowing any kind of homeless encampments in yards of homes in Shoreline and for that matter on any public/private property of any kind including churches and the Interurban Trail.

We live in a civilized society and should not have any humans living in tents. They need to be provided some sort of housing/emergency shelter and services to help them get into regular housing. People need to follow the laws and rules of the city and state.

Based on what is happening in Seattle, we must not allow this to start here in Shoreline or it will get out of hand like Seattle.

Do not allow this to occur as it will decrease the quality of our neighborhoods and value of our homes.

We pay very high property taxes - higher than our friends in Bellevue - we need to use this money in the best way to help these people and not allow any camping in Shoreline.

Sincerely,
Greg and Ruth Hilborn

Thank you,
City of Shoreline
