Subject: homeless in back yard
Auto forwarded by a Rule

Dear elected officials,

It has come to my attention that you planning on having it be legal to have the homeless be able to camp in my neighborhood back yards. I am officially protesting this idea for the following reasons.

- 1) This is no solution
- 2) It will only increase homelessness in Shoreline because word will get out that Shoreline is the place to be.
- 3) It will increase garbage and crime rate, Shoreline will no longer be as appealing to regular tax paying citizens.

I do know that some homeless people ruin it for the legitimately needy, but again, this is no solution. These people need affordable housing and jobs. We are only enabling them to stay homeless.

Thank you for your time,
Karyn Michaelson
. Shoreline Resident
