Please hear my plea.

I can not attend tonight's meeting on encampments. I realize that homelessness is a huge issue. Encampments on private a residence is not the answer. Well meaning people are at risk for factors that they are not qualified to control.

I am a school teacher and have had homeless students in my classes. I know how vulnerable they are and I truly care about the homeless population. This is not the answer.

There are organizations with experience in these issues and they are the ones that are qualified and experienced to truly help make a difference.

By allowing the average citizen to allow encampments on their property you are passing the problem onto the City of Shoreline's residents.

Please hear my plea. Do not allow residents to have encampments on their property.

Your concerned neighbor,
Kali Riden
