7. I think the message this resolution sends is a good one that shows we are a community that supports all of our residents. There are plenty of people who fall between the cracks and if you start excluding those at the edges, you threaten even those who had no reason to fear for their safety. My children are naturalized American citizens and I've never had reason to fear for their citizenship until now. I want to know that they are protected by standing with those who already fear deportation or legal action.
