Subject: Backyard encampments
Date: Monday, January 23, 2017 4:27:58 PM

Hello! I'm a resident of the Richmond Highlands neighborhood and it has come to my attention that the previously settled matter of backyard encampments has arisen again due to the misconception that only a few residents of Richmond Beach oppose them.

However, I believe that they would be dangerous for both the neighborhood and the inhabitants of the encampments and am strongly against allowing them. I do believe that it should not be made difficult for a church or other larger organization to host an encampment, though.

Thank you for your time!
Julie Atwood
