---

Why is the Shoreline council determined to destroy our neighborhood? I bought my single family rambler because I wanted to live in a single family neighborhood. I PAY property taxes and I pay your salary. Hello? Are you listening???

Do not bring in multi-family housing along 185th. You have no right to even fantasize buying up people's homes. How dare you? I sincerely doubt any of you will have to live with the consequences of overflowing parking, traffic and increased crime. You likely live in an area of Shoreline that won't be subjected to consequences from your misguided decisions.

And absolutely, NO ENCAMPMENTS!!! Are you listening?? Encampments do not belong in Shoreline. We don't have infrastructure for encampments. Shoreline is a family neighborhood. It is single-family dwelling. We are not Seattle.

If you want to live in an over crowded, crime infested neighborhood, then move the hell out of Shoreline and move you over-the-top, progressive self to Seattle. I don't want to lose the value of my home to your liberal utopia that will destroy the quality of life in my neighborhood and bring rampant crime with it.

Remember....we pay your salary. You are free to move away to Seattle.

Since when were you elected to play God with our property taxes and the value of our homes and the safety of our neighborhoods? This is exactly why people voted for Trump. Because arrogant liberals force their utopian vision on the rest of us without any consideration of the consequences that we will live with because of your ideological decisions. Thanks to King County North City is now dangerous, crime infested, and drug infested.

Enough. Stay out of my neighborhood. Seattle is a magnet for transients from across the country and now Shoreline Council wants to hold hands with Seattle! No thank you.
