**Subject:** Against backyard homeless encampments  
**Date:** Monday, January 23, 2017 8:16:48 PM

---

I am against backyard homeless encampments. I live in Hillwood. My husband & I moved from Echo Lake to Hillwood in October of 2015 specifically because our prior home was included in the phase one rezone area and we wanted to live in a quiet area zoned for single families. Allowing my neighbors to shelter as many individuals as will fit in their yards creates a multi family situation which increases the noise and traffic and strain to infrastructure such as our sewer system, a system for which we all pay equal amounts I might add. As a tax payer and property owner backyard homeless encampments are not what I want for my neighborhood.

Sincerely

Lisa Vose Sigman
