Subject: Shoreline Area News Op-Ed re regulating homeless camps...
Date: Wednesday, January 25, 2017 8:15:52 AM

All Concerned:

Please note the attached link to an Op-Ed in the ***Shoreline Area News*** regarding proposed homeless encampment regulation in the City of Shoreline:

http://www.shorelineareanews.com/2017/01/op-ed-open-letter-to-shoreline-city.html?utm_source=feedburner&utm_medium=email&utm_campaign=Feed:+ShorelineAreaNews+

I believe this published Op-Ed should become a part of the City Council's public record on this matter, and that the members of the City Council should see it before the January 30th City Council meeting.

St Dunstan's Vestry and Congregation strongly support the alternative language as submitted by Greater Seattle Cares (GSC) in an email on January 22, 2017.

Please do not adopt the pending language amendments as submitted by your Planning Commission. They will make Shoreline an unwelcoming place for transitional encampments and for the people experiencing homelessness in general.

Sincerely,

COL (ret) Bill Barnsdale
Junior Warden (Buildings & Grounds)
