6. transitional housing
7. Vote NO to transitional housing in the city of Shoreline. Shoreline used to be a safe place to live. It isn't anymore. We've got homeless & drug addicts all over the place. Our home was burglarized several years ago & it was evident it was a junkie looking for drugs, cash & things to trade or sell for drugs. We live on a very busy street & the police officer was very surprised that our house was burglarized. It just shows how desperate these creeps can be trying to rip people off. There are homeless & junkies living in the bushes on the trail from N 192nd. St. down to Echo Lake. They take the dog poop bags that are provided by the city, use them as toilets & then throw their solid waste into the trees! Not only is that disgusting but there is going to be an outbreak of disease. City Council needs to wake up. You seem to think bringing in more people is a good thing; destroying beautiful single family properties to put up multi-family units for city growth; opening up the City to transitional housing; etc. is not productive. It is destroying our previously safe living conditions. Our neighbors moved away from here because of what you are doing. They now live in a safe community in Mill Creek. Do you want your long time Shoreline residents to move away because you don't listen to us? That is what is happening. Open your eyes.
8. (o) Oppose

Thank you,  
**City of Shoreline**
