7. I have lived in my house for 41 years and have been through all sorts of good, bad and not so good and bad things during my time living in the City of Shoreline. My self along with a number of other wonderful people spent months working on our getting our area into the City of Shoreline and due to all of our hard work it payed off and we were voted in.  
My self personally called over 500 households trying to convince them to vote to have South Woods saved and it worked. My son was born and raised here and my husband died here and I love this little city of ours but now you are trying to turn in over to homeless people!  
A few years ago in our neighborhood we had a homeless woman (Charlene), Randy Olin knows her well, set up camp in the backyard of one of my neighbors. In a period of less then a couple weeks this one woman had made a mess out of the neighbors yard. It took quite some time before she could be convinced to leave the area and the place cleaned up.  
I take great pride in my little yard and so does my neighbor to the north of me and the thought of all of our house values declining because of homeless people living in the backyard is something I do not want.  
One question for all of you on the council: would you want homeless people camping/living in your back yard and if not in your yard in your neighbors yards?

Thank you,  
**City of Shoreline**
