---

I am writing as a Shoreline resident to ask the city council to REJECT Crumb Rubber on replacement fields. There are credible connections to cancer risk among many soccer players. These players are at risk from breathing in these rubber particles while playing.

Thank you for keeping the health and safety of our residents at the forefront when making these decisions.

Cecily Kaplan

***"If we could surrender to Earth's intelligence, we would rise up rooted, like trees."***

-Rainer Maria Rilke
