

# Discussion of Ordinance No. 780:

Amending the Shoreline Municipal Code  
Establishing City Governance Authority to  
Own and Operate a Wastewater Utility

August 14, 2017

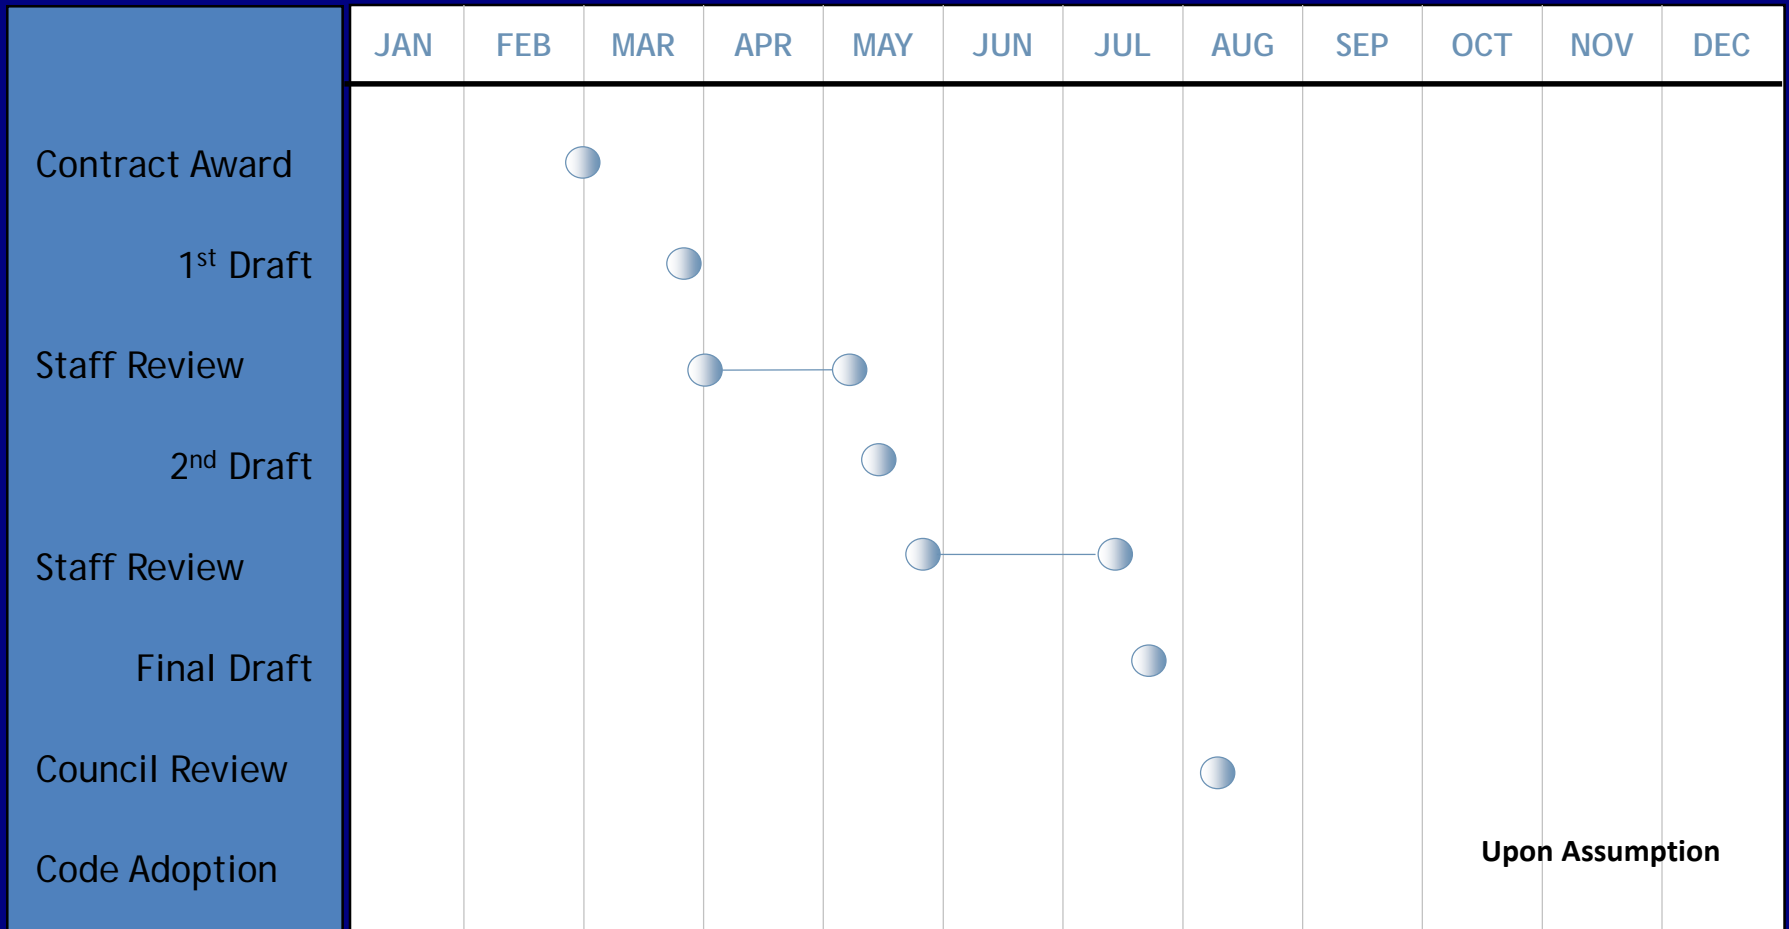

# Purpose

- Introduce proposed new Wastewater Chapter to the Shoreline Municipal Code
- Discuss and Answer Council's Questions

# Project Timeline

# Who was Involved?

- City Staff
  - Administrative Services (3)
  - City Managers Office (2)
  - City Attorney s Office (2)
  - Public Works (6)
- RWD Staff (4)
- Consultant (4)

# Goals

- Provide authority for City to own and operate a wastewater utility
- Ensure congruence with existing City code
- Provide delegated administrative authority for efficiency and effectiveness
- Familiar business practices; retained RWD regulations where practicable
- Community friendly

# Code Highlights

- Proposed Chapter 13.05 reflects current regulatory rules
- Codifies wastewater regulations intended to protect public and environmental health
- Establishes policy framework for staff to implement standard procedures and work practices
- Designed for ease of use amongst user groups

# Organization of Chapter 13.05

Grouping	Sections
Creation and Administration Authority	100 – 120
Legal Provisions	130 – 170
Financial Elements	180 – 220
Engineering Standards	230 – 270
Operational Programs, Prohibitions and Enforcement	280 – 380

# Policy Discussion

- No policy implications at this time
- Policy issues that may arise pre and post-assumption and require legislative action will be presented to Council for guidance

# Next Steps

- Schedule adoption or discussion of Ordinance No. 780 for a future Council meeting

# Questions?
