Gentlemen and Ladies: They are not making more land! Shoreline is growing very fast in terms of population. Two more 6 story apartment buildings are scheduled to replace the post office at 175th and 15th which is very close to Hamlin Park and which means that many more boxed in people will depend on our parks for outdoor activities. The value of being out of doors and among trees is well studied and shown to be beneficial to body and spirit. Keep our Hamlin Park as a wooded retreat for future generations. Thank you. Nola Mae Moore Dahlen, 19256 10th Avenue NE, Shoreline, WA (for 51 years.
