Subject: [EXTERNAL] Please save Hamlin Park and put the utility yard elsewhere

Dear Shoreline City Council,

Our community is privileged to have a beautiful 4 acres of woods to enjoy - Hamlin Park! Mature trees are not only beautiful but they are an essential element in our City's goal to create a resilient community and mitigate climate change now and in the years to come. We need to protect our precious parks!

Please find a more appropriate place for the utility yard.

Thank you
Teresa and Julian Catford
